To,

Date: 06/07/2026

Ministry of Environment, Forests & Climate Change,
Integrated Regional Offices,
Ground Floor, East Wing, New Secretariat Building,
Civil Lines, Nagpur - 440 001. Maharashtra.

Sub : Submission of six-monthly compliance status report as per terms & conditions Stipulated in Environmental clearance letter for the proposed 'Slum Rehabilitation Scheme at C.T.S. No. 1327/A of village Kandivali, Shivaji Nagar, Opp. M. G. Road, Kandivali (W), Mumbai Maharashtra.'

Ref. No. : Environment clearance no. SIA/MH/INFRA2/555609/2025, dated: 13/02/2026 .

Respected Sir/Madam,

In reference to the above referred letter of your highly revered office we would like to submit the current status of our construction work and point-wise compliance status to various stipulations laid down in Environmental clearance letter no. SIA/MH/INFRA2/555609/2025, dated: 13/02/2026 along with the necessary annexure.

This compliance report is submitted for the period from October 2025 to March 2026

This is for your kind consideration and records. Kindly acknowledge the same.

Thanking You,

For, M/s. Paradise Construction Company,

Authorized Signatory

Encl. Part A: Current status of construction work.
Part B: Point wise compliance status & Datasheets & Annexures.

Copy to Regional Office, MPCB, Mumbai.

: PART A :

Current status of work

Status of construction work	:	Total construction work completed as on March 2026 is 29,283.94 Sq. mt
Date of commencement (Actual and/or planned)	:	❖ 18.08.2022 (Actual)
Date of completion (Actual and/or planned)	:	❖ 31.12.2027 (Planned)

: PART B :

Compliance status of conditions stipulated in Environmental clearance letter for the Environmental Clearance for Proposed construction Slum Rehabilitation Scheme at C.T.S. No. 1327/A of village Kandivali, Shivaji Nagar, Opp. M. G. Road, Kandivali (W), Mumbai, Maharashtra by SEIAA, Govt of Maharashtra in its clearance letter no. SIA/MH/MIS/236141/2021/2021, dated: 31/03/2022 further expansion in its EC letter no. SIA/MH/INFRA2/555609/2025 dated 13/02/2026 are as follows:

Sl. No.	Stipulated clearance conditions	Compliance status																		
A	Specific Conditions: SEAC Conditions																			
i.	PP to submit IOD/IOA/Concession Document/Plan Approval or any other form of documents as applicable clarifying its conformity with local planning rules and provisions thereunder as per the circular dated 30.01.2014 issued by the Environment Department, Govt. of Maharashtra.	❖ Regarding plan approval: Amended Intimation of Approval (IOA) dt. 11.11.2025 issued by Slum Rehabilitation Authority. ❖ Please reffer annexure 1 for IOA plan Details of built-up areas is given below: <table><tr><th>Description</th><th>Area (sq.mt.)</th></tr><tr><td rowspan="3">Approved area as per Amended IOA dt. 11.11.2025</td><td>FSI Area: 17848.15 Sq. mt.</td></tr><tr><td>Non FSI Area: 11642.05 Sq. mt.</td></tr><tr><td>Total Construction Built-Up Area: 29490.20 Sq.mt.</td></tr><tr><td rowspan="3">Proposal submitted for Environmental Clearance (EC)</td><td>FSI Area: 17848.15 Sq. mt.</td></tr><tr><td>Non FSI Area: 11642.05 Sq. mt.</td></tr><tr><td>Total Construction Built-Up Area: 29490.20 Sq.mt.</td></tr></table> ❖ Regarding RG area: Details of RG Area are given as follows: <table><tr><th>Description</th><th>Area (Sq.mt.)</th></tr><tr><td>Net Plot Area considered for RG Area Calculations</td><td>2766.24</td></tr><tr><td>RG Area requirement: 8% of net plot area</td><td>221.30</td></tr><tr><td>RG proposed on Ground</td><td>222.79</td></tr></table> ❖ Further, in petition filed by CREDAI - MCHI vs/- State of Maharashtra in Civil Appeal Diary no. 19266/2024 Hon'ble Supreme Court of India has passed the order stating that “there shall be stay of paragraph 8 of the order impugned till the next date of hearing” ❖ In view of the above the NGT order of keeping mandatory RG on Ground (mother earth) shall not be made applicable and the	Description	Area (sq.mt.)	Approved area as per Amended IOA dt. 11.11.2025	FSI Area: 17848.15 Sq. mt.	Non FSI Area: 11642.05 Sq. mt.	Total Construction Built-Up Area: 29490.20 Sq.mt.	Proposal submitted for Environmental Clearance (EC)	FSI Area: 17848.15 Sq. mt.	Non FSI Area: 11642.05 Sq. mt.	Total Construction Built-Up Area: 29490.20 Sq.mt.	Description	Area (Sq.mt.) Net Plot Area considered for RG Area Calculations	2766.24																			
RG Area requirement: 8% of net plot area	221.30																			
RG proposed on Ground	222.79																			

Sl. No.	Stipulated clearance conditions	Compliance status
		RG area provision as approved in earlier EC dated 31.03.2022 (Vide No. SIA/MH/MIS/236141/2021) and as per Letter of Intent (LOI) dated 01.08.2025 and Amended Intimation of approval (IOA) dt. 11.11.2025 issued by Slum Rehabilitation Scheme (SRA) should be allowed. ❖ Please refer annexure 2 for RG udertaking
ii.	PP to submit an undertaking signed by PP, Consultant, and architect certifying that there is no violation of the requirements of ETA notification 2006, amended from time to time.	❖ Please refer Annexure – 3 for undertaking for no violation of ETA
iii.	PP to obtain (i) SWM NOC (ii) Revised Water NOC for Sale Bldg. PP Shall obtain all other relevant NOCs from the Competent Authority required for the Proposed Project. The planning authority shall not grant an Occupation Certificate unless the applicant obtains all NOCs.	SWM NOC: ❖ Wet waste: Treatment by Organic Waste Converter (OWCs) of capacity 250 kg/day each ❖ Dry waste: Agreement executed between Green India Eco Services and M/s. Paradise Construction Company for collection of Non-Biodegradable waste from the project site. ❖ Please reffer annexure 4 for Copy of Agreement from Green India Eco Services ❖ Revised Water NOC for Sale Building: Revised Water NOC dt. 03.12.2025 issued by BMC for Sale Building. ❖ Please refer annexure 5 for revised wter NOC
iv.	PP to obtain the Certified Compliance Report of the earlier EC from the Integrated Regional Office of MoEF&CC, Nagpur	❖ Please refer Annexure – 6 for the certified compliance from the Regional Office of MoEF &CC, Nagpur.
v.	PP to complete compensatory tree plantation in lieu of tree cutting/transplantation as mentioned in the tree NOC before actual cutting/transplantation of trees as per the recent Hon'ble High Court order.	❖ Noted and shall be adhered to.
vi.	PP to ensure to achieve the standard parameters of the treated sewage are achieved as per the order issued by the Hon'ble National Green Tribunal on 30.04.2019. PP also to ensure that the water proposed to be used for construction activities (within or outside premises) /public gardens/road medians, etc., shall be strictly for non-potable purposes, and after obtaining necessary permission from the competent authority.	❖ We hereby undertake to achieve the standard parameters of the treated sewage as per order issued by the Hon'ble National Green tribunal on 30.04.2019. ❖ Please refer annexure 7 for Undertaking to achieve the standard parameters of the treated sewage ❖ We already have tie up with Tanker water supplier agency named as M/s. Sanika Enterprises to whom excess treated sewage shall be given. They will supply this excess treated sewage for only nearby construction activities.

Sl. No.	Stipulated clearance conditions	Compliance status
		❖ Please refer annexure 8 for Acceptance letter from Tanker water supplier
vii.	All guidelines issued by the local planning authority, MPCB/CPCB shall be followed to reduce /control air pollution due to proposed activity by way of providing adequate barricading, foggers, water sprinkling.	❖ We hereby undertake that, all guidelines instructed by Environment Department as per order dated 27.10.2023 and by Brihanmumbai Municipal Corporation as per order dated 25.10.2023 for mitigation of air pollution shall be followed strictly, ❖ Please refer annexure 9 for undertaking all guidelines instructed by Environment Department as per order dated 27.10.2023
viii.	PP to complete the tree plantation within the site during the construction phase.	❖ Noted and shall be adhered to.
ix.	PP to dispose of all e-waste as per E-Waste Management-Rules, 2016 and 2022, ended from time to time.	❖ E-waste generated (if any) shall be stored separately at a common designated location and shall be disposed through authorized recyclers as per E-Waste Management Rules, 2016 and 2022 amended from time to time.
Specific Conditions: SEIAA Conditions:		
i.	PP has provided mandatory RG area of 221.30 m² on mother earth without any construction. Local planning authority to ensure the compliance of the same.	❖ Noted.
ii.	The planning authority shall not grant an Occupation Certificate unless PP obtain SWM NOC.	❖ Noted.
iii.	PP to keep open space unpaved so as to ensure permeability of water. However, whenever paving is deemed necessary, PP to provide grass pavers of suitable types & strength to increase the water permeable area as well as to allow effective fire tender movement	❖ Noted.
iv.	PP to achieve at least 5% of total energy requirement from solar/other renewable sources.	❖ Noted.
v.	Air Quality Index monitoring to be ensured. Dust suppression measures shall be implemented also considering height of the building. Additional measures to be ensured.	❖ Noted.
vi.	In view of Maharashtra Electric Vehicle Policy, 2025, PP to provide electric vehicle D.C. Charger for 20% of total parking provided. The number of D.C. Chargers should be worked out as provided in NITI Aayog Handbook of EV	❖ Noted.

Sl. No.	Stipulated clearance conditions	Compliance status
	Charging Infrastructure implementation.	
vii.	PP shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF&CC vide F. No. 22-34/2018-IA III dated 04.01.2019.	❖ Noted.
viii.	SEIAA decided to grant EC for FSI – 17,848.15 m ² , Non-FSI – 11,642.05 m ² , Total BUA – 29,490.20 m ² . (Plan approval No. RS/PVT/0056/20080905/AP/S-2 dated 11.11.2025.)	❖ Noted.
B	General Condition:	
i	The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.	❖ Solid waste management Dept, MCGM has issue SWM NOC vide letter no. E.E./SWM/229/Z-VII Revalidated, Date: 14.05.2023 ❖ Please refer Annexure – 10 for Solid waste management NOC.
ii	Disposal of muck, Construction spoils, including bituminous material during construction phase should not create any adverse effect on the neighboring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in the approved sites with the approval of competent authority.	❖ Solid waste management Dept, MCGM has issue SWM NOC vide letter no. E.E./SWM/229/Z-VII Revalidated, Date: 14.05.2023 ❖ Please refer Annexure – 10 for Solid waste management NOC.
iii	Any hazardous waste generated during construction phase should be disposed of as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.	❖ No generation of hazardous waste during construction.
iv	Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.	❖ All necessary facilities have been provided on site for the construction workers. ❖ 150 nos of non Residential workers working on site ❖ Site sanitation like safe & adequate Municipal water for drinking and domestic purpose, 6 nos of public toilets, 3 nos of public bathrooms for the labours, First Aid and periodical medical checkup facilities have been provided. ❖ Municipal solid waste generated at the labour camp is being handed over to local body on daily basis.

Sl. No.	Stipulated clearance conditions	Compliance status
v	Arrangement shall be made that waste water and storm water do not get mixed.	❖ Computation of the runoff from the plot. ❖ Proper management of channelization of storm water. ❖ Designing storm water drainage with adequate capacity to cater the total runoff from site. ❖ Use of screens and silt traps in advance of earthworks. ❖ Proper maintenance of storm water drainage to avoid choking of drains and flooding on site. ❖ 2 STP's with capacity of 192 KLD based on Advanced MBBR technology will be provided for the treatment of waste water. ❖ Storm water remark has been issue by DyChE/45/SWD/WS, Date: 09/08/2021. ❖ Please refer Annexure – 11 for Storm water Drain remark.
vi	Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices.	❖ Ready Mix Concrete with Fly Ash is being used in building construction. ❖ Use of curing chemical to save water after liberal curing on first day. ❖ Use of PP jute cloth/gunny bags instead of water spray for curing activity. ❖ Free flow of water is not being allowed for curing.
vii	The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.	❖ Groundwater accumulation was monitored in boreholes during and after completion of drilling activities. Groundwater was observed below ground level in the boreholes. Seasonal and annual fluctuations in ground water levels can be expected to occur. ❖ Report of chemical analysis of ground water done at the time of geotechnical investigation. ❖ MCGM has issued NOC to dig borewell and allow use for non-potable for sale and rehab building vide no 10/1281(1)/SR dated 27.01.2021 ❖ Please refer annexure 12 for NOC form MCGM for Borewell ❖ Soil quality is being monitored. ❖ Please refer Annexure – 13 for Environmental Monitoring reports.
viii	Permission to draw ground water for construction of basement if any shall be obtained from the	❖ No extraction of ground water for construction purpose and in operation phase also we are not planning to withdraw ground water for any

Sl. No.	Stipulated clearance conditions	Compliance status
	competent Authority prior to construction/operation of the project.	purpose in future, hence permission from CGWA is not applicable.
ix	Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor-based control.	❖ Provision for water saving practices like dual flush cisterns, low flow plumbing fixtures and flow control devices.
x	The Energy Conservation Building code shall be strictly adhered to.	The Energy Conservation Building code shall be strictly adhered; ❖ LED Tubes & Lamps for all habitable areas. ❖ Energy Efficient 3 - Star Rated Split AC, High COP. ❖ LED Lamps with Timer Based Controls. ❖ LED Tubes for Parking Spaces with Motion Sensors. ❖ Energy Efficient Lifts with VVVF Regenerative Lift Drive. ❖ Provision of Solar PV Panels over the roof top with capacity of 18 kW.
xi	All the topsoil excavated during construction activities should be stored for use in horticulture I landscape development within the project site.	❖ Topsoil excavated during construction activities has been stored for use in horticulture & landscape development within the project site.
xii	Additional soil for levelling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.	❖ PP would like to mention here that, excavation earth material 3871 cum was reused on site for leveling and 8176 cum shall be reused on site for filling and road leveling purpose. Construction waste material shall be reused / recycled on site and disposal of remaining waste to the authorized recycler. No waste shall be disposed to landfill site. ❖ Additional Collector Mumbai Suburban district issued Excavation permission vide no/ AC/DESK-IV/MNI/SR-1615/2022-23 dated 08.03.2023 ❖ Please refer annexure 14 for excavation permission
xiii	Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.	❖ Groundwater accumulation was monitored in boreholes during and after completion of drilling activities. Groundwater was observed below ground level in the boreholes. Seasonal and annual fluctuations in ground water levels can be expected to occur. ❖ Report of chemical analysis of ground water

Sl. No.	Stipulated clearance conditions	Compliance status
		done at the time of geotechnical investigation. ❖ No withdrawal of ground water is planned in this project. ❖ Soil quality is being monitored. ❖ Please refer Annexure – 13 for Environmental Monitoring reports.
xiv	PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as amended during the validity of Environment Clearance.	❖ Noted.
xv	The diesel generator sets to be used during construction phase should be low Sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.	❖ No use of DG set for construction purpose.
xvi	PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as amended during the validity of Environment Clearance.	❖ Noted.
xvii	Vehicles hired for transportation of Raw material shall strictly comply the emission norms prescribed by Ministry of Road Transport & Highways Department. The vehicle shall be adequately covered to avoid spillage/leakages.	❖ Vehicles having Valid Pollution under control certificate allowed to ply on site. ❖ Use of Plastic/tarpaulin covering sheets while transporting the material. ❖ Wheel washing of the vehicles. ❖ No permission for uncovered/overloaded vehicles carrying construction material. ❖ Use of covering sheets for trucks carrying construction material to prevent air borne dust. ❖ Proper parking arrangement for the construction vehicles. ❖ Regular maintenance of vehicles with suitable enclosures and intake silencers.
xviii	Ambient noise levels should confront to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.	❖ Ambient Air and Ambient Noise levels are being carried out. ❖ Please refer Annexure – 13 for Environmental monitoring reports.

Sl. No.	Stipulated clearance conditions	Compliance status
xix	Diesel power generating sets proposed as source of backup power for elevators and common area illumination during construction phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low Sulphur diesel is preferred. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.	❖ No use of DG set for construction purpose.
xx	Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings by a separate environment cell /designated person.	❖ Regular supervision of the above measures is being monitored by Project Manager.
B	Operation Phase:	
i.	a) The solid waste generated should be properly collected and segregated. b) wet waste should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. c) Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.	❖ Designated storage of construction material. ❖ Reuse of Excavation earth material on site only for road leveling. ❖ Construction waste material shall be partly recycled and remaining shall be disposed to the authorized land fill site. ❖ Separate storage for excavation and construction waste ❖ Proper segregation of construction waste and preparation of item wise quantification. ❖ Use of construction waste (Brick, blocks, ceramic tiles, marbles etc.) for waterproofing work, paving & landscaping areas. ❖ Informing and educating occupants for Solid Waste Management. ❖ Proper segregation on site to biodegradable and non-biodegradable waste. ❖ End product from OWC and sludge generated from STP shall be used as manure on site. ❖ Disposal of segregated garbage to recyclers.
ii.	E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.	❖ E waste: Shall be stored separately at a common designated location and shall be handed over to Authorized agency.
iii.	a) The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be	❖ 2 STP's with capacity of 192 KLD based on Advanced MBBR technology will be provided for the treatment of waste water. ❖ Reuse of treated sewage for construction

Sl. No.	Stipulated clearance conditions	Compliance status
	submitted to the MPCB and Environment department before the project is commissioned for operation. Treated effluent emanating from STP shall be recycled/ reused to the maximum extent possible. Treatment of 100% grey water by decentralized treatment should be done. Necessary measures should be made to mitigate the Odour problem from STP. b) PP to give 100 % treatment to sewage /Liquid waste and explore the possibility to recycle at least 50% of water, Local authority should ensure this.	activity during construction phase remaining treated waste water will be reused for flushing & gardening to reduce fresh water demand.
iv.	Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sePPr line No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement.	❖ 2 STP's with capacity of 192 KLD based on Advanced MBBR technology will be provided for the treatment of waste water. ❖ Reuse of treated sewage for construction activity during construction phase remaining treated waste water will be reused for flushing & gardening to reduce fresh water demand. ❖ Proper segregation on site to biodegradable and non-biodegradable waste. ❖ Non-biodegradable waste to be handed over to MCGM & Biodegradable waste for treatment in Organic Waste Converter. ❖ End product from OWC and sludge generated from STP shall be used as manure on site. ❖ RG area of 222.79 Sq. meters has been proposed for the project. ❖ Hydraulic Engineer's Department, MCGM has issue water NOC for Rehab Building vide letter no. HE/257/EEWW (P&R)/N.O.C., Date: 29/09/2021. ❖ Hydraulic Engineer's Department, MCGM has issue water NOC for Sale Building vide letter no. HE/382/EEWW (P&R)/N.O.C., Date: 29/09/2021. Revised HE NOC for sale building vide letter no. HE/54/EEWW(P&R)/NOC dated 03.12.2025 ❖ Sewerage Remark is issued by MCGM vide letter no. Dy. Ch/C S.P/IT6/R/S, Date: 30/08/2021. ❖ Sewerage Remark is issued by MCGM vide letter no. Dy. Ch/C S.P/IT8/R/S/P&D, Date: 30/08/2021. ❖ Please refer Annexure - 16 for Sewerage Remark.

Sl. No.	Stipulated clearance conditions	Compliance status
		❖ MPCB granted consent to 1st Operate (Part-I) for the ehab building project vide Format1.0/JD (WPC)/UAN No.0000281958/CO/2604000950, dated: 13.04.2026 ❖ Please refer Annexure - 17 for Consent to Operate (Part-I)
v.	The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sePPr line to the project site and proper disposal of treated water as per environmental norms.	❖ 2 STP's with capacity of 192 KLD based on Advanced MBBR technology will be provided for the treatment of waste water. ❖ Reuse of treated sewage for construction activity during construction phase remaining treated waste water will be reused for flushing & gardening to reduce fresh water demand. ❖ Proper segregation on site to biodegradable and non-biodegradable waste. ❖ Non-biodegradable waste to be handed over to MCGM & Biodegradable waste for treatment in Organic Waste Converter. ❖ End product from OWC and sludge generated from STP shall be used as manure on site. ❖ RG area of 207.63 Sq. meters has been proposed for the project. 105.03 Sqm RG area developed out of 207.63 & 46 nod of trees planted
vi.	Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.	❖ Proper parking arrangement for the construction vehicles. ❖ Adequate parking provision and proper traffic movement for smooth traffic flow. ❖ Provision of adequate well organized parking arrangement. ❖ Separate entry /exit points. ❖ Traffic wardens will be assigned to during peak hours. ❖ Provision of traffic signs to notify the residents.
vii.	PP to provide adequate electric charging points for electric vehicles (EVs).	❖ Provision of E-charging facility for 25% Car Parking.

Subject : Submission of Undertaking regarding provision of RG area in line with prevailing DCR norms for Slum Rehabilitation Scheme at C.T.S. No.1327/A of village Kandivali, Shivaji Nagar, Opp. M. G. Road, Kandivali (W), Mumbai.

Respected Madam,

We hereby declare that **M/s. Paradise Construction Company** for Slum Rehabilitation Scheme at C.T.S. No. 1327/A of village Kandivali, Shivaji Nagar, Opp. M. G. Road, Kandivali (W), Mumbai., State Maharashtra have proposed entire mandatory Recreation Ground (RG) area in line with prevailing DCPR norms.

Details of RG Area are given as follows:

Description	Area (Sq.mt.)
Net Plot Area considered for RG Area Calculations	2766.24
RG Area requirement: 20 % of net plot area	221.30
RG proposed on Ground	222.79

Further, in petition filed by CREDAI - MCHI vs/- State of Maharashtra in Civil Appeal Diary no. 19266/2024 Hon'ble Supreme Court of India has passed the order stating that "there shall be stay of paragraph 8 of the order impugned till the next date of hearing"

In view of the above the NGT order of keeping mandatory RG on Ground (mother earth) shall not be made applicable and the RG area provision as approved in earlier EC dated 31.03.2022 (Vide No. SIA/MH/MIS/236141/2021) and as per Letter of Intent (LOI) dated 01.08.2025 and Amended Intimation of approval (IOA) dt. 11.11.2025 issued by Slum Rehabilitation Scheme (SRA) should be allowed.

Thanking you,

Green India Eco Services is also referred to as a "Service Provider"

Paradise Construction Company and Green India Eco Services hereinafter also referred to individual as "Party" and collective as "Parties" unless the context requires otherwise.

WHEREAS:-

- A) M/s Green India Eco Services, is Located at Thane. The Service Provider is an organization involved in the business of collection, transport, storage, treatment and management of Dry Waste generated by various factories in India.
- B) Service Provider has represented to **Paradise Construction Company** that is a reputed organization and has the requisite approval, licenses, consent, registration, resources, expertise, infrastructure and experience and has fully understood the specific needs, timelines and quality standards of **Paradise Construction Company** and has informed of its willingness and capabilities to provide its service for collection, transport, storage, treatment, reprocessing and management of Non-Hazardous Dry Waste generated by **Paradise Construction Company** under this agreement for a fee.
- C) **Paradise Construction Company** has considered the representations and offer made by the Service Provider on mutual agreement and has accepted the same for its new upcoming project at - CTS NO. 1327/A, SHIVAJI NAGAR, OPP M. G ROAD, KANDIVALI WEST, MUMBAI 400067.
- D) The parties hereto now wish to record the terms and conditions upon the subject to which, the Service Provider shall provide its services to **Paradise Construction Company**.

NOW THIS AGREEMENT WITNESSTH AS FOLLOWS:-

- A) The Service Provider is hereby appointed by **Paradise Construction Company** to provide its services to the Company for a period of 3 years from the date of execution of the said agreement.
- 1) The service provider shall provide its services to **Paradise Construction Company** within one week of written notice/ mail/ date mentioned mutually by both the representatives. Along with the same notice **Paradise Construction Company** shall specify in the relevant forms of the Solid Waste Management Rules, 2016, true and correct information related to category, quantity, physical and chemical characteristics, nature, colour, toxicity of such Non-hazardous dry waste.
- 2) Prior to the collection of the dry waste by the Service Provider, **Paradise Construction Company** shall, as soon as the dry wastes are generated, fill them in containers/bags used for that purpose and mark the said containers as per the Solid Waste Rules, 2016.
- 3) Service Provider reserves the right to deny the material after inspection if it does not comply with the schedule in SWM Rules 2016. **Paradise Construction Company** cannot take any action against the Service Provider once the Dry Waste is denied with reasonable issues.

4) For the purpose of transportation of the Dry waste:-

Paradise Construction Company shall instruct residents and tenants to provide segregated Non Hazardous dry waste packed in garbage bags as per SWM Rules, 2016

- i) Service Provider Shall provide trucks or any other vehicle duly authorized by Company or MPCB for transporting purposes.
 - ii) Services Provider will maintain daily reports for dry waste collected from site and will provide the same on monthly basis with invoice or whenever demanded by **Paradise Construction Company**.
- 5) The Service Provider shall provide its services with the highest professional care, due diligence, efficiency and in a workmanlike manner according to the best industry practices, to the utmost satisfaction of **Paradise Construction Company** and within the timelines prescribed for the same by the same without compromising on the quality of the services performed.
- 6) For the provision of the above-mentioned services **Paradise Construction Company** shall pay as consideration, to the Service Provider, a service fee as set time & again by Government accordance with the Schedule herein below. The terms and conditions for the payment to be made by **Paradise Construction Company** if any, mentioned in the Schedule shall form a part and parcel of this Agreement.
- 7) Upon the execution of this Agreement and during its term, the service fee as mentioned above shall not be subject to any revision or change with mutual understanding
- 8) The Service Provider shall raise its invoice on a monthly basis on last day of every service provided month and **Paradise Construction Company** must release the payment within 7 days of receipt of invoice from Green India Eco Services.
- 9) In the event of any dispute in the invoices **Paradise Construction Company** shall raise such disputes in writing within two (2) calendar days of the receipt of the invoices. All undisputed invoices shall be paid as per Clause 5 above. Any disputed invoice shall be settled or returned unpaid within Ten (10) calendar days of the resolution of the dispute on the same or communicated so.
- 10) All payments made hereunder shall be subject to submission of proper and correct invoices along with supporting certificates/documentation/receipts, as the case may be and also subject to the deduction of tax at source, service tax and other taxes as per prevailing laws.
- 11) All Information (in any form) communicated by either Parties or which otherwise comes to the knowledge, possession or control of the Parties shall be held in strict confidence and protection by the Parties and shall be used only for purposes of this Agreement. Parties shall not disclose, deliver or publish the existence, contents, source or substance of this Agreement or any information or document(s) provided by either Parties or which otherwise comes to the knowledge, possession or control of the Parties without the prior written consent of Parties. Upon the termination or expiry of this Agreement, the Service Provider shall return to or if so, authorized by it, destroy all Information, goods and documents of which are in the possession or control of the Service Provider. The Clause on Confidentiality shall survive the termination or expiry of this said agreement.

- 12) Parties shall ensure that they shall comply with all applicable Acts, Rules, Ordinances, Regulations, Notifications, Circulars and Codes (including any order / notification of any authority / judicial body / quasi-judicial body) during the term of this Agreement and shall also obtain, keep valid and comply with any and all licenses, approvals, consents, permits, authorizations and registrations which are required to be obtained, kept valid and complied with under any Union, State and Local Laws, Acts, Rules, Ordinances, Regulations, Notifications, Circulars or Codes in order for a Party to perform its obligations under this Agreement.
- 13) Service Provider lies under Jurisdiction of Thane. Any legal redressal should be settled at the same if arises.
- 14) Parties hereto shall appoint one of their employees respectively as their key contact person who shall act on behalf of the Parties for all matters under this Agreement. The key contact person so appointed shall be qualified and knowledgeable of the services provided hereunder.
- 15) The Service Provider shall maintain and preserve up-to date records of all the services which are provided by it under this Agreement for a period of three (3) years from the date of termination or expiry of this Agreement. The Service Provider hereby agrees to allow Authorized Representatives of Paradise Construction Company to inspect and / or audit all the records mentioned above, at all reasonable times after a fourteen (14) days' notice in writing is given to it by Paradise Construction Company.
- 16) Both the Parties hereby agrees to indemnify and hold harmless to each other from and against any and all suits, losses, liabilities, damages, claims, settlements, costs and expenses, including reasonable attorneys' fees, based on or arising, directly or indirectly, from breach of agreement or breach of confidentiality.
- 17) Termination for a cause or at convenience - Both the Parties shall have the right to terminate this Agreement at any time after its execution and before its expiry for any cause or at its convenience or vice versa. It can be done by giving a written notice of thirty (30) calendar days by party willing to terminate the agreement.
- 18) Termination or expiry of this Agreement shall not have any effect on the payment which one Party was required to make to the other or any obligation which one Party was required perform for the other before the occurrence of such termination or expiry and the obligation to pay or perform the same shall be on the Party which is required to make the said payment or performance irrespective of a termination or expiry of this Agreement.
- 19) This Agreement may be amended only by a written agreement between the Parties duly signed by their authorized signatories. The approved amendment(s) shall be appended into the text of this Agreement.
- 20) Neither of the Parties will be held liable or responsible to the other Party nor deemed to have defaulted under or breached this Agreement for failure, deficiency or delay in fulfilling or performing any term of this Agreement to the extent, and for so long as, such failure, deficiency or delay is caused by or results from causes beyond the reasonable control or anticipation of the Parties, including but not limited to any act of God, fires, natural disaster, floods, accident, war and acts of war (whether war be declared or not), insurrections, rebellion, sabotage, riots, civil commotion, strikes, lock-outs or any acts, omissions or delays in acting by any Governmental Authority or the other Party ("Force

Majeure Events"). In case, the Force Majeure event does not cease or continues for more than thirty (30) days or has affected the Party in such a manner that it becomes incapable of performing its obligations hereunder, this Agreement may be terminated. However, a Force Majeure event shall arise only in the event there is no commercially and legally viable method to circumvent the same.

- 21) This Agreement and all of its provisions shall be governed by and construed in accordance with the laws of India.
- 22) Neither this Agreement nor any of the obligations or benefits hereunder may be assigned, delegated, further subcontracted or otherwise transferred by any of the Parties hereto without the prior written consent of the other Party. In the event of an assignment, delegation, sub-contracting or transfer by a Party to any third party, of this Agreement or any rights or liabilities hereunder with the written consent of the other Party, the terms and condition of this Agreement shall not be modified in any manner without the written consent of the Parties hereto. Moreover, the Party assigning/delegating/sub-contracting transferring this Agreement or any rights or liabilities hereunder shall be jointly and severally liable along with the assignee delegate sub-contractor/transferee for the performance of this Agreement. Further, the Service Provider shall not transfer assign delegate sub-contract any of its rights, benefits or obligations under this Agreement to a third Party who is not authorized by the Pollution Control Board of the State for the collection, transportation, storage, treatment, reprocessing and management of the Dry Wastes generated by Paradise Construction Company.
- 23) Nothing contained in this Agreement will be deemed or construed as creating a joint venture, agency or partnership between the Parties hereto. No Party is, by virtue of this Agreement, authorized to act as an employee or agent of the other, and the relationship of the Parties is, and at all times will continue to be, that of Independent Contractors.
- 24) No failure or delay by any party in exercising any right, power or privilege hereunder shall operate as a waiver thereof nor shall any single or partial exercise thereof preclude any other or further exercise thereof or the exercise of any other right, power or privilege. Waiver by any Party of the breach of any provision(s) of this Agreement will not operate or be construed as a waiver of any subsequent, similar or other breach by the breaching Party. In case, a Party wishes to waive off any right hereunder, it shall communicate the same to the other Party in writing.
- 25) This Agreement (including its schedule herein below) and other notices and communications issued hereunder, constitute the entire agreement between Paradise Construction Company and the Service Provider and shall supersede any and all previous or contemporaneous agreements, arrangements, representations and understandings, written or oral, with respect to the same subject matter between the Parties hereto.
- 26) Each party represents and warrants that it has the power and authority to execute, deliver and perform the obligations contained in this Agreement and that this Agreement constitutes a binding agreement between them, and that consummation of the various provisions contemplated hereby will not violate any applicable Union, State and Local Laws, Acts, Rules, Ordinances, Regulations, Notifications, Circulars and Codes and/or any and all licenses, approvals, consents, permits, authorizations and registrations which are required to be obtained, kept valid and complied with under any Union, State and Local Laws, Acts, Rules, Ordinances, Regulations, Notifications, Circulars or Codes, any order of government or any authority nor shall be inconsistent with its constitutional documents or any instrument and / or document executed by it or to which it is a party to, whether directly or indirectly

- 27) The Parties agree to meet and confer in good faith on all matters of common interest or all controversies, claims, or disputes ("Dispute") which materially affect the performance of either Party under this Agreement. As soon as a Dispute is recognized by either Party, it will communicate the substance of such Dispute to the other Party. Once a Dispute has been raised, the Parties shall make all reasonable efforts to reach a resolution within two (2) weeks after the Dispute has been identified. Any Dispute arising out of or relating to this Agreement or the transactions contemplated under this Agreement, or the breach of the same, which has not been resolved as provided above shall be settled through final and binding arbitration by a sole arbitrator appointed by Green India Eco Services Arbitration conducted pursuant to this provision shall be conducted in Thane and shall be conducted in the English/Marathi. The arbitration proceedings shall be conducted in accordance with the Indian Arbitration and Conciliation Act, 1996. The Parties shall bear their own attorneys', experts' and other fees and expenses in connection with any arbitration unless otherwise determined by the arbitrators. The Parties shall continue their respective performances of the obligations during the pendency of arbitration proceedings. Any payment if due from either Party under the terms of this Agreement shall not be withheld unless the payment itself is a matter of dispute referred to the arbitration.
- 28) This Agreement is executed in two counterparts, each of which will be an original as against any Party whose signature appears thereon and all of which together will constitute one and the same instrument.
- 29) In the event, any provision of this Agreement is held to be invalid or unenforceable by a judicial authority, such invalidity will not invalidate the whole of this Agreement, but rather that invalid provision will be amended, removed or replaced to achieve as nearly as possible the same economic effect as the original provision and the remainder of this Agreement will remain in full force. In the event the same is not possible then this Agreement shall stand terminated.
- 30) Parties hereto agree that references to any agreement or document including this Agreement shall include such agreement or document as amended, renewed, novated, supplemented or replaced from time to time in writing signed by the concerned parties.
- 31) All notices and other communications required or permitted under this Agreement shall be in writing (in English/Marathi) and shall be deemed effectively delivered upon receipt by personal delivery and / or overnight courier service, or if by facsimile or email as confirmed by transmission receipt or the delivery or read receipt. Any Party may change its address for such communications by giving an appropriate written notice to the other Party conforming to this Clause.
- 32) Both the parties to the agreement will have equal rights to perform their parts & both the parties will have liberty to terminate the agreement by giving 30 calendar days' notice period. The agreement will be governed by Indian contract Act and other laws at the land.
- 33) Liabilities of both the parties will be limited to cost of Transaction.
Service Provider will follow all rules, regulations, guidelines, notification and amendment given by MPCB and CPCB during disposal of Dry waste collected from Company.
- 34) Service Provider will follow all the guidelines and rules related to Safety and Environment, during transactions.
- 35) The service provider will charge one time consultation and awareness programme conducting fees of Rs. 20,000+ 18% GST for 3 years.

Subject : Revised HE NOC for the proposed Sale building No. 2 in S. R. Scheme on Slum & Non-slum plot bearing CTS No. 1327 A of Village Kandivali at Shivaji Nagar, Opp. M.G. Road, Kandivali (W), Mumbai for "Jai Santoshi Maa C.H.S. (Ltd.)" in R/S ward under Reg. 33 (10) & Reg. 30 & 32 of DCPR-2034.

Reference: 1) No. RS/PVT/0056/20080905/AP/S-2 dated 11/11/2025.

2) Scrutiny Fee Receipt No.1005682879 dated 01/12/2025.

Name of Developer : M/s. Paradise Construction Company.

As per the plans and documents submitted by Licensed Plumber the proposed building under reference is a residential building accommodating 137 tenement, 38 servant toilets, fitness centre. Total water requirement of the building works out to 64,170 lpd for residential purpose. However, demand for water connection shall be recalculated by AEWW of concerned ward as per latest amended / OC plans.

By direction, I have to inform you that, as far as Hydraulic Engineer's department is concerned, there is no objection for water supply to the proposed building under reference subject to compliance of following conditions:

1. Water supply for the said residential building will be made available as per prevailing norms, on completion of Building.
2. Municipal water supply will not be made available for the Swimming pool / Air conditioning purpose. Water supply brought from other than Municipal source shall not be mixed with Municipal water supply at any stage. Separate water storage tank and separate water mains, painted with red colour, shall be used for the same.
3. On receipt of approval for layout under reference, NOC for layout shall be obtained from this office. Also all the conditions of layout NOC issued shall be applicable for each individual building in layout. Separate NOC shall be obtained from this office for each individual building in the layout.
4. The internal distribution system within building shall be got approved from this office / from AEWW of ward / Consultant after obtaining full C.C. and shall be laid & certified from competent authority before availing the permanent water connection.
5. Water supply as per condition no. 1, will be made available only after compliance of condition No. 14.
6. No bore well / Ring Well shall be provided on the plot without specific NOC/ Remarks from Assistant Engineer Water Works R/S Ward.
7. Physically separate underground and overhead water storage tanks of adequate capacities for domestic and flushing purpose shall be provided. Capacity of underground water storage tank shall be obtained from AEWW R/S Ward. Underground suction tank shall be located as close as possible to the existing water main in Municipal Road and the same shall not be in 1.5 M vicinity of

drainage / Sewer line / Manhole / Inspection Chamber. Top of the underground storage tank shall be maintained at about 60 cm above adjacent ground / floor level and minimum head clearance of 1.20 M shall be maintained for inspection and cleaning of tanks and also a clear minimum distance of 6m shall be maintained between STP & U.G. tank.

8. A clear minimum distance of 1.20 m shall be maintained between the bottom of overhead storage tank and terrace floor level.
9. Adequate precaution shall be taken while designing and execution of the structural members continuously in contact, with chlorinated Municipal water in the suction tank, located in the basement / stilt of the building. As suction tank is located within the building line, adequate care shall be taken to avoid contamination and adequate arrangements shall be made to drain out the overflow water.
10. Automatic level control sensors & Ball Cock arrangement shall be provided in overhead & underground water storage tanks to avoid overflow from tanks.
11. Water conservation devices such as dual flushing cisterns (ISI marked) / dual flush valves for W.C.'s and sensor operated taps for wash basins & urinals, shall be installed in the building.
12. This NOC is being issued for plans approved vide No. RS/PVT/0056/20080905/AP/S-2 dated 11/11/2025. While amendment in building plans, if water demand of the building exceeds above 10%, this NOC will be treated as cancelled and fresh NOC shall have to be obtained from this office by submitting set of amended plans and other required documents.
13. Previous HE's NOC issued u/no. HE / 382 / EEWW (P&R) / NOC dated 29/09/2021 for the building under reference shall be treated as cancelled.
14. If any water main passing through plot under reference, owner / developer shall divert the same at their own cost in consultation with AEWW R/S and by obtaining prior approval from this department.
15. This HE NOC is issued considering the plans or documents submitted by the owner / L.P., If any fraudulent plans or documents are found to be submitted then this NOC shall be treated as cancelled.

Subject: Slum Rehabilitation Scheme', at CTS no. 1327/A of Village: Kandivali, Shivaji Nagar, Opp. M. G. Road, Kandivali (West), Mumbai, Maharashtra by M/s. Paradise Construction Company- Issue of Certified Compliance Report- Reg.

Sir,

This has reference to the issue of CCR for the above project. In this regard, the above said project was inspected by this office on 22.12.2025. After the site visit and review of additional documents submitted, the implementation of environmental safeguards status in the project is prepared. Copy of the Inspection report is enclosed. **PP should ensure the compliance on the observations made in the report.**

This issues with the approval of Competent Authority.

Yours faithfully

(ई. धिरुनावुक्करसु)

Monitoring Report

Part-I

DATA SHEET

1.	Project type: River - valley/ Mining / Industry / Thermal / Nuclear / Other (specify)	Construction Project.
2.	Schedule and category of the project as per EIA Notification, 2006	Category: 'B2' Schedule no.: 8(a) Building and Construction projects.
3.	Category of the project as per CPCB Guidelines (Red, Orange, Green)	Category: 'Orange'
4.	Name of the Project and Project Proponent	Construction of 'Slum Rehabilitation Scheme,' at Kandivali, Shivaji Nagar, Opp. M. G. Road, Kandivali (West), Mumbai, Maharashtra by M/s. Paradise Construction Company
5.	Clearance Letter (s) / OM No. and Date (Chronological order)	EC No. SIA/MH/MIS/236141/2021 dated 31.03.2022.
6.	Location: a) District (s) b) State (s) c) Latitude d) Longitude	Mumbai. Maharashtra. Latitude: 19°12'17.61" N Longitude: 72°50'18.30" E
7.	Address for correspondence	
	a) Address of concerned project Chief Engineer (with PIN code & Telephone / telex / fax numbers).	Shri. Adarsh, Project Manager M/s. Paradise Construction Company Kandivali, Shivaji Nagar, Opp. M. G. Road, Kandivali (West), Mumbai, Maharashtra.
	b) Address of Executive Project Engineer/Manager (with pin code/ Fax numbers)	Shri. Arif, Project Engineer M/s. Paradise Construction Company Kandivali, Shivaji Nagar, Opp. M. G. Road, Kandivali (West), Mumbai, Maharashtra.
	Salient features of the project.	EC was granted by SEIAA in March 2022 for SRA project in a total plot area of 3,065.50 sqm with a total built-up area of 27,187.75 sqm. The project comprises One Rehab Building, Sale Building and Two parking towers. Construction activity was commenced in Nov, 2022 and about 94.37 % of work has been completed.
	a) Of the Environmental management Plan.	Rs. 79.13 Lakhs have been allocated for the entire Construction period and in operation phase; Capital cost: Rs. 191.21 Lakhs and O & M cost: Rs. 42.84 Lakhs / Year have been earmarked for EMP.
8.	Breakup of the project area:	
	a) Submergence area: Forest & non-forest.	Not Applicable.
	b) Others.	FSI area: 16,017.50 Sqm. Non-FSI area: 11,170.25 Sqm. Total BUA: 27,187.75 Sqm.

9.	a) Total Plot Area	3,065.50 Sqm.
	b) Built-up Area (Including Road)	27,187.75 Sqm.
	c) Open Space available	207.63 Sqm.
	d) Green Belt Area	207.63 Sqm.
10.	Financial Details:	
	a) Project costs as originally planned & subsequent revised estimates and the year of price reference.	Rs. 88.67 Cr.
	b) Allocations made for Environmental Management Plan with item wise & year wise breakup.	Rs. 79.13 Lakhs have been allocated for the entire Construction period and in operation phase; Capital cost: Rs. 191.21 Lakhs and O & M cost: Rs. 42.84 Lakhs / Year have been earmarked for EMP.
	c) Actual expenditure incurred on the Project so far.	Rs. 85.08 Cr.
	d) Actual expenditure incurred on the Environmental Management Plan so far.	Rs. 40.4 Lakhs
11.	Forest land requirement	
	a) The status of approval for diversion of forest land for non-forestry use.	Not Applicable.
	b) The status of clearing felling.	Not Applicable.
12.	Whether project located in critically Polluted Area / Severely Polluted area.	Not Applicable.
13.	Status of construction	Rehabilitation Building no. 1: is completed upto 22 nd floors, Super structure constructed on site, finishing work is in Progress. Sale Building no. 2: is completed upto 31 st floors. Project is under construction phase. Total constructed built-up area till date is 25,657.3 sqm on site and about 94.37 % of work have been completed.
	a) Date of commencement (Actual and/or planned)	Nov, 2022
	b) Date of completion (Actual and/or planned)	December, 2027 (Planned)
14.	Production details as per EC & CTE / CTO	NA
15.	Reasons for the delay if the Project is yet to start.	NA
16.	KML file of the project	Submitted
17.	Status of Public Hearing Commitments	NA
18.	Status of Rehabilitation & Resettlement	NA
19.	Dates of site visits:	
	a) The dates on which the project was monitored by the Regional Office on previous occasions, if any.	The project was earlier inspected on 21.10.2024 and CCR was issued. No Non-Compliances were reported.
	b) Date of site visit for this monitoring report.	23.12.2025.
20.	Purpose of present site visit:	For CCR
21.	Pending litigation if any or directions issued by any regulatory authority.	Nil

22.	Recommendations:	
	a) Major Non-compliance	Non-Compliance: Nil
	b) Minor Non-Compliance	
	c) Violation	Recommendations: • PP should ensure proper implementation of EMP and regular submission of HYR. • PP should ensure timely submission of Environmental Statement.

Part-II

Condition wise compliance status of EC no. SIA/MH/MIS/236141/2021 dated 31.03.2022.

Sl. No.	SEIAA Conditions	Status as per six monthly compliance report submitted by the PP	Observations of RO
1	PP to keep open space unpaved so as to ensure permeability of water. However, whenever paving is deemed necessary, PP to provide grass pavers of suitable types & strength to increase the water permeable area as well as to allow effective fire tender movement.	Noted and shall be adhered to.	Agreed by the PP.
2	PP to achieve at least 5% of total energy requirement from solar/other renewable sources.	Already proposed Solar Hot Water and Solar PV panels to achieve 5% of energy saving through renewable energy.	Agreed by the PP.
3	PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF & CC vide F.No.22-34/2018-IA. III dt.04.01.2019.	Noted and shall be adhere to.	Complied. It was noted that PP has taken various measures such as tall barricade at all along the site with pipeline for water sprinkling for containment of dust. Septic tank for the treatment of sewage generated from labour camp & construction site. Carry out regular Ambient air quality & Noise level monitoring etc., as per the conditions stipulated by the SEAC & SEIAA.
4	SEIAA after deliberation decided to grant EC for FSI – 15,699.90 m2, non-FSI – 11,030.51 m2, Total BUA- 26,730.41 m2 (Plan approval no. RS/PVT/0056/20080905/AP/S-2, dated – 12.08.2021, RS/PVT/0056/20080 903 /AP/R-1, dated – 21.06.2021)	Noted and shall be adhered to.	Noted by the PP.

Construction Phase:

i.	The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.	The project is in construction phase and the excavated earth material partly reused on site for backfilling and leveling. Rest of earth material and C&D waste disposed at designated landfill site with prior approval from Solid Waste Management Department, BMC vide letter no. Ex.Eng./SWM/09/Z-VII; dated: 01/09/2023.	There is no labor camp at the site. PP has obtained permission for disposal of earth material and C&D waste. PP should ensure disposal of muck only with the approval of competent authority.
ii.	Disposal of muck, Construction spoils, including bituminous material during construction phase should not create any adverse effect on the neighboring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in the approved sites with the approval of competent authority.	The project is in construction phase and the excavated earth material partly reused on site for backfilling and leveling. Rest of earth material and C&D waste disposed at designated landfill site with prior approval from Solid Waste Management Department, BMC.	
iii.	Any hazardous waste generated during construction phase should be disposed of as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.	No generation of hazardous waste during construction phase.	NA.
iv.	Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.	Adequate drinking water and sanitary facilities have been provided for construction workers at the site.	Complied.
v.	Arrangement shall be made that waste water and storm water do not get mixed.	Separate drains have been proposed for Rehab & Sale buildings. Storm water collected through the storm water drains of adequate capacity and will be discharge into the external SWD.	Agreed by the PP.
vi.	Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices.	Water demand during construction is reduced by use of pre-mixed concrete, curing agents and other best practices.	Reported as Complied.
vii.	The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.	No any borewell or any ground water drawl for construction as well as for operation purpose, hence the ground water analysis was not done.	NA
viii.	Permission to draw ground water for construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the		

	project.		
ix.	Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor-based control.	Low flow fixtures will be provided at Rehab & Sale buildings for showers & toilets.	Agreed by the PP.
x.	The Energy Conservation Building code shall be strictly adhered to.	Project is designed as per Energy Conservation Building Code (ECBC) and will be strictly adhered to.	
xi.	All the topsoil excavated during construction activities should be stored for use in horticulture / landscape development within the project site.	The top layer of the soil is stored for the development of green belt. Natural drainage system of the area is not disturbed. The construction is done by taking advantage of natural contour. No additional soil is required for land leveling. RG area (Green belt) will be developed over an area of 207.63 Sqm with plantation of 69 nos from which 46 nos of plantation already done on site.	Agreed by the PP.
xii.	Additional soil for leveling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.		
xiii.	Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.	Carried out analysis of Soil samples from site and no toxic contaminants noted. As there is no ground water source at the site and in the nearby vicinity, no ground water samples were analyzed. Copy of the report is enclosed as Annexure-9 .	Complied.
xiv.	PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as amended during the validity of Environment Clearance.	Permission of 09 nos of trees cuttings, 06 nos of transplanting of trees and to retain 01 no of tree. MCGM, Tree Authority issued Tree NOC for the project vide NOC no. DySG/TA/Z-VII/115; dated: 27/07/2022. Copy of Tree NOC is enclosed as Annexure-5 .	PP shall comply with the tree NoC.
xv.	The diesel generator sets to be used during construction phase should be low Sulphur diesel type and should conform to Environment (Protection) Rules prescribed for air and noise emission standards.	No use of DG sets in construction phase.	NA.
xvi.	Diesel power generating sets proposed as source of backup power for elevators and common area illumination during construction phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low Sulphur diesel is preferred. The location of the DG sets may be decided with in consultation with	No use of DG sets in construction phase.	

	Maharashtra Pollution Control Board.		
xvii.	Vehicles hired for transportation of Raw material shall strictly comply the emission norms prescribed by Ministry of Road Transport & Highways Department. The vehicle shall be adequately covered to avoid spillage/leakages.	Only that the vehicles having valid PUC are engaged for the transportation of construction materials to the site. Vehicles are operated only during non-peak hours.	Complied.
xviii.	Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.	Carried out analysis of Noise level monitoring regularly. Copy of the report is enclosed as Annexure-9 .	Complied.
xix.	Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings by a separate environment cell/ designated person.	PP has set up an Environmental Management Cell, which is carrying out regular supervision under Shri. Siva Nayagan, (Project In-Charge) and Shri. Adarsh, (Project Manager).	Reported as Complied.
xx.	The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely; SPM, RSPM, SO ₂ , NO _x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.	A copy of EC, CTE, Compliance report and Environmental Statement has been uploaded on company website at https://ashraygroup.com/	Complied.
xxi.	The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the MPCB	Advertisements have been published in two local newspapers in time.	Complied. PP has submitted a copy of the advertisement.

and may also be seen at Website at http:// parivesh.nic.in	
--	--

General EC Conditions:			
xxii.	PP has to strictly abide by the conditions stipulated by SEAC & SEIAA.	Noted and shall be adhere to. Various measures have been taken such as tall barricade at all along the site for containment of dust and noise. Septic tank for the treatment of sewage generated from labour camp & construction site. Regular monitoring of Ambient air quality & Noise level monitoring etc., as per the conditions stipulated by the SEAC & SEIAA. Submitted a copy of the advertisement in local newspaper.	Refer (3) SEIAA condition above.
xxiii.	If applicable Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.	MPCB granted consent to establish for the project vide order no. Format1.0/JD (WPC)/UAN No. 0000135836/CE/2207001330; dated: 26/07/2022.	Complied.
xxiv.	The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.	Six-monthly compliance reports have been submitted regularly.	Complied.
xxv.	Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.	Obtained Environmental Clearance from SEIAA vide EC no. SIA/MH/MIS/236141/2021; dated: 31/03/2022. Copy of EC is enclosed as Annexure-12 .	Noted from the google image that construction activity was commenced in Nov, 2022 after grant of EC in March 2022.
xxvi.	The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.	Environmental Statement (Form-V) has been submitted on MPCB web portal for the FY 2024-25. Copy of Environmental Statement is enclosed as Annexure-13 .	The PP shall adhere to the prescribed timeline for submission of the Environmental Statement.

Operation Phase: The project is in construction phase hence detailed compliance report for operation phase has not been prepared.

Subject : Submission of undertaking for reuse of excess treated sewage available from
Slum Rehabilitation Scheme at C.T.S. No. 1327/A of village Kandivali, Shivaji
Nagar, Opp. M. G. Road, Kandivali (W), Mumbai. State Maharashtra

Respected Sir,

I, Mr. Rashmin G. Rughani (Partner) with M/s. Paradise Construction Company hereby confirm that after full occupation of this project the total treated sewage available for reuse will be 169 KLD. Recycling of treated sewage shall be done for gardening (1 KLD) and flushing (62 KLD) within site which will help to reduce the quantity of treated sewage to the tune of 37% (63 KLD).

We hereby also propose to have tie up with Tanker water supplier agency Sanika Enterprises sewage (47 KLD) shall be given free of cost. They will supply this excess treated sewage to for secondary purposes like for nearby construction activities which will help to reduce the quantity of treated sewage to the tune of 35% (59 KLD).

Thanking You,

FOR PARADISE CONSTRUCTION COMPANY

(Vehicle List Attached).

With reference to your application, the Construction and Demolition Waste Management Plan submitted by you has been approved as per "Construction and Demolition Waste Management Rules 2016" and you are allowed to transport Construction and Demolition Waste from Construction site to the unloading site subject to following terms & conditions.

1. This approval is subject to the orders given by Hon. Supreme Court u/no. SLP (Civil) No. D23708/2017 dt. 15.03.2018.
2. You shall handle & transport Construction and Demolition Waste / Excavation Material to the extent of 1800Brass X 2.83 =5094Cu. Mtr. Only to the unloading site at plot survey no. 85/2, 86/2, 86/1, 79/1, 80/2, 79/2, 94, 93, 92/1, 88/1 Village Varsawe, Taluka- Thane, District - Thane, Ghodbundar Road.
3. You shall ensure that proper barricading and enclosure are provided at construction site to avoid escape of fugitive dust into the atmosphere, as well as its deposits to spread on street / footpaths / drains etc. as per the condition of IOD / L.O.A. etc. issued by the planning authorities. The generated Construction and Demolition Waste shall be stored properly till its utilization and it should not be deposited on roads or footpath.
4. In the event for any reason whatsoever, the consent given by the disposal site Owner/Authority is revoked or the time limit for the disposal site has expired, in such case, the developer shall stop the transportation activities. The developer shall submit revised debris management plan along with required valid documents for revalidation of existing debris management plan.
5. The Construction & Demolition Waste shall be transported through your Transport Contractor.
6. The deployed vehicles shall abide all the R.T.O rules and regulations. You shall ensure that the vehicle should be properly covered with tarpaulin or any other suitable material firmly to avoid any escape/ fall of waste on road from moving vehicle. The body and wheels shall be cleaned and washed thoroughly to avoid spreading of waste on road.
7. The copy of approved Construction and Demolition Waste Management Plan shall be accompanied with each and every vehicle under this approval. The developer shall issue the proper challan for each and every trip of vehicles and that shall be acknowledged by the authority of unloading site. The developer shall maintain record of C & D material transported and shall make it available to MCGM or Monitoring Committee.

(SWM C&D Permission)

8. The approval is granted presuming that the papers submitted by the Applicants Owners are genuine & for any dispute arising out of documents submitted by applicant POA / Occupant / Owner will be held responsible for fraudulent practices the owner / applicant shall be liable for action as per rules.
9. This approval is not valid for the areas covered with Mangroves & CRZ contravention of this clause will attract prosecution under the Environment Protection Act & other relevant Acts.
10. The approval granted hereto does not absolve the other approvals required from the other department of MCGM OR Government Authorities.
11. In case of disputes, court matters etc. related to the subject site/land/property, this approval cannot be treated as a valid proof.
12. Violation of any condition stated above will attract the action as per the prevailing Construction & Demolition Waste Management Rules, 2016 & MCGM may revoke this approval without assigning any reason thereto.
13. This approval is not permission for excavation or permission for dumping but this is the only approval under Construction & Demolition Waste Management Plan for transportation of Construction & Demolition Waste for filling & leveling at designated unloading site. Excavation Permission shall be obtained wherever applicable.
14. This approval is valid up to 21.05.2023.

Subject :- SWD Remarks for proposed S R Scheme on plot bearing CTS No. 1327 A of Village Kandivali at Shivaji Nagar, Opp. M G Road, Kandivali(W), Mumbai-400067, for "Jai Santoshi Maa CHS(prop)" under Reg. 33(10) and Reg. 30 & 32 of DCPR-2034.

Ref :- Your Letter u/no. Nil dtd. 08.07.2021 received on 02.08.2021

Gentleman,

The remarks for the above mentioned property for storm water drain / nallas are as under:-

(A) Nalla Remarks

- | | |
|--|----|
| 1. Whether any natural water course / nalla is passing through the property. | No |
| 2. Whether specific remarks for nalla is obtained from E.E (SWD) City & C C | NA |

(B) Storm Water Drain remarks inside the plot.

1. Minimum formation level of the plot shall be 28.0 M.THD or 15 cm above the formation level of the existing road whichever is higher.
2. Side open space shall be levelled, consolidated with slope towards proposed and existing S.W. Drain.
3. At no time existing natural watercourse / storm water drain passing through the plot under reference shall be blocked.
4. The storm water from the adjoining locality shall be allowed to pass through the holding and any blockage shall be removed at owners risk & cost.
5. While constructing the drain the inverts level of the drain shall be kept such as to admit storm water coming from adjoining area.
6. The invert of the S.W.D. on upstream side shall never be lower than the invert on downstream side drain. Similarly if there is existing drain on upstream, the invert of the new drain shall necessarily be lower than the invert of the existing drain on upstream.
7. The proposed / existing S.W.D. shall be covered with heavy duty M.S. / R.C.C./F.R.P. gratings and heavy duty R.C.C./C.I./F.R.P. Frame and cover.

(C) Storm Water Drain remarks for existing Municipal Rds. / D.P. Rds. / Internal Rds.

1. All proposed Storm Water Drains, below footpath and below road and RCC Culverts shall be constructed as per the standardized cross-sections and RCC Designs approved by DMC(Infra) u/no. DMC/Infra/2507 dtd. 21.09.2020 in consonance with Municipal Specifications.
2. All the S.W.D. below footpath shall be constructed as per Municipal specifications in M25 grade RCC alongwith bed concrete of 15 cm thk. in M15 grade C.C. and same shall be covered with R.C.C. slab in M25 grade C.C. alongwith heavy duty RCC precast frame & cover with two cover design as per IS/ MCGM Specification at every 5m distance.
3. All the S.W.D. below road surface and all the culverts shall be constructed as per Municipal specifications in M40 grade RCC alongwith bed concrete of 15 cm thk. in M15 grade C.C. and same shall be covered with R.C.C. slab in M40 grade C.C. alongwith heavy duty C.I. frame & cover (with locking arrangement) of size 0.60mX0.90m as per IS/ MCGM Specification at every 5m distance and with provision of rectangular MS galvanized hinge type frame and grating (as per IS/MCGM specification) of internal size 0.60mX0.50m in alternate manner along the length.
4. R.C.C. pipe weep holes of 150 mm dia shall be provided at 6 m distance to collect the storm water from road surface to S.W. Drain.
3. The gradient of the S.W.D. shall be given such as to create velocity of 1.2 m / Sec. In case of steep localities where velocity is likely to exceed 2.40 m / Sec. intermediate drop in the invert shall be provided.

4. The top of the S.W.D. wall shall be kept min. 10 cm above the formation level of the road.
5. The waterway shall be measured 0.15 m before the formation level of road & minimum waterway depth in any drain shall not be less than 0.30 m and minimum width not less than 0.45 m.
6. All drains crossing roads shall be 2 times the size of drains proposed.
7. Developer should construct S.W. Drain of specified size as marked on the attached plan.
8. To fully encase the R.C. pipe drain & pipe culvert with 15 cm th. M 20 grade C.C. and provide Chamber with heavy duty frame and cover / grating at 6.00 m distance.
9. R.C.C. slab designed for 'AA' class loading along with heavy duty frame & cover with locking arrangement on S.W.D. shall be provided at every entrance gate of the premises.
10. Necessary permission for the development of holding shall be obtained from concerned authorities before starting of the work.
11. To intimate the date of starting the construction of S.W.D. / nalla in advance.
12. To submit 'As Built' drawing showing cross sections of S.W.D. / nalla constructed as per remarks.
13. Compound wall shall not be constructed on S.W.D. wall and adequate number of weep holes / openings should be provided in the compound wall wherever necessary.
14. These remarks shall not be accounted as ownership documents.
15. The remarks offered above are valid for the period of two years from the date of issue.
16. That the above storm water drains shall be constructed as per the design of Lic. Structural Engineer and stability Certificate from Lic. Structural Engineer shall be submitted before requesting for Completion Certificate.

17. Additional remarks :

SWD Remarks for proposed S R Scheme on plot bearing CTS No. 1327 A of Village Kandivali at Shivaji Nagar, Opp. M G Road, Kandivali(W), Mumbai-400067, for "Jai Santoshi Maa CHS(prop)" under Reg. 33(10) and Reg. 30 & 32 of DCPR-2034.

Sr. No.	Notation	Description of SWD Works
1	A→B	To construct/re-construct S.W. Drain of Min. 0.90 Sq.M. with 0.90m width & min. depth 0.90m or depth as per S.W. Drain on upstream side whichever is more, at final R.L. of the road with bottom slope of 1 in 500 towards discharging point & to be covered as per specifications
2	C→D→B, E→F→G→H→I→J →A	Proposed to construct S.W. Drain of Min. 0.20 Sq.M. area with width of 0.45m with bottom slope of 1 in 500 towards discharging point, covered with heavy duty R.C.C. / M.S./C.I. grating and connected to Municipal drain.

General Remarks

1.	To provide C.C. pavement in open spaces of the buildings with slope towards S.W. Drain.
2	Provide RCC slab designed for 'AA' class loading over drain at every entry gate with opening of size 0.6mx0.90 at centre.
3	The above remarks are given as per your request and without prejudice. The said remarks are likely to be revised subject to contention raised at any instance in future.
4.	Provide weep holes of 100mm dia A.C. pipes @ 5.00m C/C along compound wall.
5	If there is any amendment / changes in the plan / layout revised remarks will have to be obtained before completion.
6	All temporary measures to be taken to avoid flooding & stagnation of water in area due to proposed construction activity.
7	The surface water from the adjoining bldg./structures/plots/slum if any shall be allowed to flow through S.W.D. of above property and the invert level of the proposed drain should be kept below the invert level of S.W.D. of adjoining bldg./structures/plots/slum.
8	Provide proper slope and drainage arrangement in all Pits for Parking/ Basement with sump pit of adequate size and pumping arrangement of adequate capacity as designed by licensed Electrical Engineer along with standby unit to pump out the water accumulated, into nearest municipal drain at ground level.
9	To provide certificate from a Licensed Electrical Engineer regarding adequacy of pumping arrangement, provided to drain off storm water of all Pits for Parking.

1	Sulphur Dioxide (SO ₂)	IS 5182 (Part 2) : 2023	10	µg/m ³	80
2	Nitrogen Dioxide (NO ₂)	IS 5182 (Part 6) : 2006	21	µg/m ³	80
3	Particulate Matter (PM ₁₀)	IS 5182 (Part 23) : 2006	75	µg/m ³	100
4	Particulate Matter (PM _{2.5})	IS 5182 (Part 24) : 2019	25	µg/m ³	60
5	Carbon Monoxide (CO)	IS 5182 (Part 10) : 1999	0.9	mg/m ³	4

^a: Sampling Period 1 Hr.

Remark/ Statement of Conformity: The parameters tested above are found to be within TWA of National Ambient Air Quality Monitoring Standard (NAAQMS), Part IV, Section IV.

Sampling Equipment Details	Instrument Used	Lab ID	Make	Model	Sl. No.	Calibration Valid up to
	Fine Dust Sampler	UT/LAB/75	Nesl	NPM PDS2.5/10µ (A)	222	16/09/2024
	Respirable Dust Sampler	UT/LAB/44	Amba Enviro	APH450	2	23/10/2024

- Note:
1. This test report refers only to the sample tested and observed values are relevant to sample collected only.
 2. This test report may not be reproduced in part, without the permission of this laboratory.
 3. Any correction invalidates this test report.
 4. Samples were collected by following laboratory's SOP [UT/LQMS/SOP/AA01A] based on CPCB Guidelines - National Ambient Air Quality Monitoring Series: NAAQMS/2003-04 and respective test methods.
 5. Weather during sampling was: SUNNY & CLEAR.
 6. *Time weighted average shall be complied with 98% of the time in a year. 2% of the time, they may exceed the limits but not on two consecutive monitorings.
 7. Air Quality Index (AQI) at above sampling location 75 which is Satisfactory as per National AQI based on concentrations obtained for reported parameters. [National Air Quality Index (IND-AQI) is calculated using AQI Calculator available at: <https://cpcb.nic.in/National-Air-Quality-Index/>]

ANNEXURE-II

THE NOISE POLLUTION (REGULATION AND CONTROL) RULES, 2000

The Principal Rules were published in the Gazette of India, vide S.O. 123(E), dated 14.2.2000 and subsequently amended vide S.O. 1046(E), dated 22.11.2000, S.O. 1088(E), dated 11.10.2002, S.O. 1569 (E), dated 19.09.2006 and S.O. 50 (E) dated 11.01.2010 under the Environment (Protection) Act, 1986.

• SCHEDULE

(See rule 3(1) and 4(1))

Ambient Air Quality Standards in respect of Noise

Area Code	Category of Area / Zone	Limits in dB(A) Leq	
		Day Time	Night Time
A	Industrial Area	75	70
B	Commercial Area	65	55
C	Residential Area	55	45
D	Silence Zone	50	40

- Note:
1. Day time shall mean from 6.00 a.m. to 10.00 p.m.
 2. Night time shall mean from 10.00 p.m. to 6.00 a.m.
 3. Silence zone is an area comprising not less than 100 meters around hospitals, educational institutions, courts, religious places or any other area which is declared as such by the competent authority.
 4. Mixed categories of areas may be declared as one of the four above mentioned categories by the competent authority.

* dB(A) Leq denotes the time weighted average of the level of sound in decibels on scale A which is relatable to human hearing.

A "decibel" is a unit in which noise is measured.

"A", in dB(A) Leq, denotes the frequency weighting in the measurement of noise and corresponds to frequency response characteristics of the human ear.

Leq: It is energy mean of the noise level over a specified period.

• CONSTRUCTION ACTIVITIES

The maximum noise levels near the construction site should be limited to 75 dB(A) Leq(5 min.) in industrial areas and to 65 dB(A) Leq(5 min.) in other areas.

• THE PERMISSIBLE LEVELS FOR NOISE EXPOSURE FOR WORK ZONE

(The Model Rules Of The Factories Act, 1948)

Peak sound pressure level in dB	Permitted number of impulses or impact/day
140	100
135	315
130	1000
125	3160
120	10000

- Notes:
1. No exposure in excess of 140 dB peak sound pressure level is permitted.
 2. For any peak sound pressure level falling in between any figure and the next higher or lower figure as indicated in column 1, the permitted number of impulses or impacts per day is to be determined by extrapolation on a proportionate basis.

Total time exposure (continuous or a number of short term exposures per day) in Hrs	Sound Pressure Level in dB(A)
8	90
4	93
2	96
1	99
1/2	102
1/3	105
1/4	108
1/5	111
1/6 (2 minutes) or less	114

- Notes:
1. No exposure in excess of 115 dB(A) is to be permitted.
 2. For any period of exposure falling in between any figure and the next higher or lower figure as indicated in column 1, the permissible sound pressure level is to be determined by extrapolation on a proportionate basis.

Lab Operates at : Survey No. 93/A, Conformity Hissa No. 2, G V Brothers Bldg., Bata Compound, Khopat, Near Flower Valley, Thane (West) - 400 601, Maharashtra, India.

- 10) Excavation Permission as per the Approved Plan marked for proposed Excavation.

EXCAVATION PERMISSION AS AGAINST THE APPROVAL OF MCGM/SRA/MMRDA/MIDC/MIADA/AIRPORT AUTHORITY etc.

WHEREAS Application Dated 23/02/2023 of From **Paradise Construction Company** by **Bharat Girdharlal Rughani & I Office** at 11/12, Nagarwala Colony, Opp. Laxminarayan Shopping Centre, Poddar Malad E, Mumbai-400097 applied for grant of permit for Excavation and removal of Minor Minerals Earth/Soil/Mud/Murom/Stone to the extent of 1800 Brass only from the land bearing C.T.S No. 1327 A of village Kandivali Taluka Borivali, Situated at- Shivaji Road, M G Road, Kandivali W. District Mumbai Suburban.

The applicant has paid the Royalty of Rs. 10,80,000/- (Rs.Ten Lakh Eighty Thousand Only) as the royalty rate of Rs.600/- per brass, application fees of Rs. 2,000/- (Rs.Two Thousand Only) and Surface Rent of Rs. 7574/- N.A.Rate Rs.14.85 Area adm. 510 Sq. Mtrs. which is not exceeding the land revenue and ceases on the land fixed by the Collector/Govt. from time to time.

An amount of Rs. 10,87,574/- (Rs.Ten Lakh Eighty-seven Thousand Five Hundred Seventy-four Only) is paid through Mahakhamij Online Payment portal with SBI GRN NO. MH016208890202223E Dated 02/03/2023 and 10% of the total Royalty payable to the District Mineral Foundation Contribution Fund Bank Ref. No.DM No. 83924 DL02/03/2023 Amount Rs. 1,08,000/- paid through Mahakhamij online payment Portal.

In exercise of the powers conferred under rule 59 and 60 of the Maharashtra Minor Mineral Extraction (Development & Regulation) Rule 2013, & rule 46 (a) (i) of the Maharashtra Minor Mineral Extraction (Development and Regulation) (Amendment) Rules, 2017, The Collector, Mumbai Suburban District, having office at the above address hereby grants approval to issue Permit to, **Paradise Construction Company** by **Bharat Girdharlal Rughani & I Office** at 11/12, Nagarwala Colony, Opp. Laxminarayan Shopping Centre, Poddar Malad E, Mumbai-400097 for extraction and removal of minor mineral Earth/Soil/Mud/Murom/Stone to the extent of 1800 Brass (One Thousand Eight Hundred Only) for the period of 75 days from the date of issue of this permit order i.e. with effect from the date 08/03/2023 to 21/05/2023 subject to the following conditions:

1. The Permit holder shall carry out excavation operation within the prescribed limit demarcated on map as ABCD shown in Red colored ink.
2. The Permit holder shall have to complete excavation and removal operation of the permitted quantity of Earth/Soil/Mud/Murom/Stone etc. within the prescribed period only. Under no circumstances the said period will be extended.
3. The failure of the Permit holder to complete excavation and removal of permitted quantity of Murom shall be liable to the forfeiture of the royalty already paid for the quantity not excavated and removal within the prescribed period and he shall not be entitled to claim any refund of the royalty already paid.
4. The Permit holder shall be responsible to pay the compensation to the Govt. for damage, if any made to the land and the decision of the Competent Officer shall be final in respect of determination of the damage.
5. The Govt. shall be immune against any claims of third parties of such claim of any shall be settled by the Permit holder himself.
6. The Permit holder shall report all accidents immediately to the Collector, Sub Divisional Officer, Tahsildar of the area, Police Department of the area and thereafter to all the licensing authorities concerned.
7. The Permit holder shall have no rights over the extracted material and other property lying in permit area after the date of expiry of the Permit.

8. If any excess quantity over that permitted is found to be removed the material shall be confiscated and the Permit holder shall be liable for penal action under the provisions of section 48 (7) of Maharashtra Land Revenue Code, 1966.
9. The Permit holder shall allow inspection of the excavation site/location and transit passes to the Collector, Sub Divisional Officer, or any officer authorized by him and give him reasonable opportunity for carrying out such inspection.
10. The Permit holder shall not cut any trees without permission during the extraction of minor mineral.
11. The Permit holder shall issue transit pass by giving all the details therein and duly sealed by the Collector, Sub Divisional Officer / District Mining Officer with every dispatch of mineral, failing which the transport shall be treated as unauthorized and shall be liable for penalty as per the provisions of section 48(7) and (8) of Maharashtra Land Revenue Code, 1966.
12. It will be compulsory for every permit holder to dispatch vehicles with excavated minor mineral from the site by using Mahulkhanij portal.
13. In the event of the breach of any of the above condition the Permit shall be cancelled and the royalty paid by the Permit holder shall be forfeited to the State Government and the Permit holder shall be liable to such other penal action according to the provisions of the Maharashtra Land Revenue Code and Rules there under and the minor mineral Extracted shall become the absolute property of Govt.
14. That in case of increase in royalty rate hereafter the Permit holder will have to pay the difference amount of the royalty rates failing which the same will be recovered as arrears of land revenue by adopting the coercive measures.
15. Government reserves all the the rights to cancel the excavation Permit any time without notice and without assigning any reason.
16. This permit is granted presuming that the papers submitted by the applicants/ POA/Occupant/Owners are genuine & for any dispute arising out of documents submitted by applicant, POA/Occupant/Owner will be held responsible.
17. Care should be taken that due to excavation works, slum dwellers will not be affected.
18. Under no circumstances the excavated material like ordinary clay, ordinary earth, stones of all sizes etc. should be dumped/ spreaded over the areas of mangroves and 50 meters' on all sides of mangroves regardless of ownership of the land. In case of committing breach of the conditions the permit will be revoked without any notice, and the permit holder will be liable to for penal action in accordance with the concern provision of rules, acts and the Order of the Hon. High Court Dt.06-10-2005.
19. The validity of this permit is up to 21/05/2023 and this Excavation permission will be used for digging Foundation for Construction and Development as per plan sanction by the planning authority.
20. If the Excavation is not carried out as per the sanctioned plan and the JOD/IOA/LOI etc. approved by the development Authority if the sanction permission is challenge in the court then the permission of excavation will automatically become null & void from the date issue of this excavation permission.
21. The rate of royalty are liable to be revised by time to time, and the permit holder should pay the difference of amount of royalty on account of such revision of rates by time to time.
22. This Permit is issued only for Excavation of minor mineral and all other necessary permissions from other Authority /department should be taken by the applicant.
23. As per the direction by the Department of Revenue and Forest, Government of Maharashtra by their Letter dated 23.02.2022 every vehicle transporting minor minerals should be installed with a GPS Device which should be Automotive Industry Standard 140 IRNSS (AIS-140 IRNSS) and certified by ARAL.
24. ETP will not be generated for vehicles which is carrying minor mineral and does not have GPS device installed. If such vehicles carrying minor mineral without a working vehicle GPS device is found by Revenue official, they will be liable for penalty as per section 48 (7) (8) of MLRC-1966 and other prevalent Rules.

EXCAVATION PERMISSION AS AGAINST THE APPROVAL OF MCGM/SRA/MMRDA/MIDC/AIRPORT AUTHORITY

WHEREAS Application Dated 10/10/2022 of From Bharat Girdharlal Rughani & 1 C/o. Paradise Construction Company Office at 11/12, nagarwala colony, opp.laxminarayan shopping centre, poddarMalad E, mumbai-400097 applied for grant of permit for Excavation and removal of Minor Minerals Earth/Soil/Mud/Murom/stone to the extent of 3500 Brass only from the land bearing C.T.S No. 1327 A of village Kandivall Taluka Borivall, Situated at-Shivaji Road, M G Road, Kandivall W. District Mumbai Suburban.

The applicant has paid the Royalty of Rs. 21,00,000 /- (Rs.Twenty-one Lakh Only) as the royalty rate of Rs.600/- per brass, application fees of Rs. 5,000 /- (Rs.Five Thousand Only) and Surface Rent of Rs. 14868/- N.A.Rate Rs.14.85 Area adm. 1001 Sq. Mtrs. which is not exceeding the land revenue and ceases on the land fixed by the Collector/Govt. from time to time.

An amount of Rs. 21,19,868/- (Rs.Twenty-one Lakh Nineteen Thousand Eight Hundred Sixty-eight Only) is paid through Mahakhanij Online Payment portal with SBI GRN NO. MH009402731202223E Dated 17/10/2022 and 10% of the total Royalty payable to the District Mineral Foundation Contribution Fund Bank Ref. No.DM No47391 Dt.17/10/2022 Amount Rs. 2,10,000 /- paid through Mahakhanij online payment Portal.

In exercise of the powers conferred under rule 59 and 60 of the Maharashtra Minor Mineral Extraction (Development & Regulation) Rule 2013. & rule 46 (a) (i) of the Maharashtra Minor Mineral Extraction (Development and Regulation) (Amendment) Rules, 2017, The Collector, Mumbai Suburban District, having office at the above address hereby granted approved to issue Permit to, from, Bharat Girdharlal Rughani & 1 C/o. M/s. Paradise Construction Company Office at 11/12, nagarwala colony, opp. Laxminarayan shopping centre, Poddar Malad E, mumbai-400097 for extraction and removal of minor mineral Earth/Soil/Mud/Murom to the extent of 3500 Brass (Three Thousand Five Hundred Only) for the period of Four Months from the date of issue of this permit order i.e. with effect from the date 18/10/2022 to 17/02/2023 subject to the following conditions:

1. The Permit holder shall carry out excavation operation within the prescribed limit demarcated on map as ABCD shown in Red colored ink.
2. The Permit holder shall have to complete excavation and removal operation of the permitted quantity of Earth/Soil/Mud/Murom within the prescribed period only. Under no circumstances the said period will be extended.
3. The failure of the Permit holder to complete excavation and removal of permitted quantity of Murom shall be liable to the forfeiture of the royalty already paid for the quantity not excavated and removal within the prescribed period and he shall not be entitled to claim any refund of the royalty already paid.
4. The Permit holder shall be responsible to pay the compensation to the Govt. for damage, if any made to the land and the decision of the Competent Officer shall be final in respect of determination of the damage.
5. The Govt. shall be immune against any claims of third parties of such claim of any shall be settled by the Permit holder himself.
6. The Permit holder shall report all accidents immediately to the Collector, Sub Divisional Officer, Tahsildar of the area, Police Department of the area and thereafter to all the licensing authorities concerned.
7. The Permit holder shall have no rights over the extracted material and other property lying in permit area after the date of expiry of the Permit.

8. If any excess quantity over that permitted is found to be removed the material shall be confiscated and the Permit holder shall be liable for penal action under the provisions of section 48 (7) of Maharashtra Land Revenue Code, 1966.
9. The Permit holder shall allow inspection of the excavation of operation and transit passes book to the Collector, Sub Divisional Officer, or any officer authorized by him and give him reasonable opportunity for carrying out such inspection.
10. The Permit holder shall not cut any trees during the extraction of minor mineral.
11. The Permit holder shall issue transit pass giving all the details therein and duly sealed by the Collector, Sub Divisional Officer / District Mining Officer with every dispatch of mineral, failing which the transport shall be treated as unauthorized and shall be liable for penalty as per the provisions of section 48(7) and (8) of Maharashtra Land Revenue Code, 1966.
12. Permit holder should keep the day to day records of excavations, transportation/dispatch of minor minerals in the production, sale cum dispatch registers duly certified by this office, also submit the monthly progress report to this office on 5th day of every month.
13. In the event of the breach of any of the above condition the Permit shall be cancelled and the royalty paid by the Permit holder shall be forfeited to the State Government and the Permit holder shall be liable to such other penal action according to the provisions of the Maharashtra Land Revenue Code and Rules there under and the minor mineral Extracted shall become the absolute property of Govt.
14. That in case of increase in royalty rate hereafter the Permit holder will have to pay the difference amount of the royalty rates failing which the same will be recovered as arrears of land revenue by adopting the coercive measures.

Subject : HE's NOC for the proposed Rehab building no 1 on proposed S.R Scheme on property bearing CTS No 1327 A of Village Kandivali, Shivaji Road, Opp. M.G Road, Kandivali(W), Mumbai for Jai Santoshi Maa CHS (prop) in R/S ward.

Reference: 1) RS/PVT/0056/20080903/AP/R-1 dtd 21/06/2021
2) Scrutiny Fee Receipt No. 1004121023 dtd 09/08/2021.

Name of Developer : M/s. Paradise Construction Co.

As per the plans and documents submitted by Licensed Plumber the proposed building under reference is a residential cum commercial building accommodating 152 tenements, 8 shops, Temple, Market reservation(with 6 ladies toilet & 3 gents toilet), Balwadi, Welfare Centre, Library, Skill development centre. Total water requirement of the building works out to 102800 lpd for residential purpose, 8855 lpd for non residential purpose & 8145 lpd for commercial purpose. However, demand for water connection will be recalculated by AEWW of concerned ward as per latest amended / OC plans.

By direction, I have to inform you that, as far as Hydraulic Engineer's department is concerned, there is no objection for water supply to the proposed building under reference subject to provision of bottom of overhead storage tank at clear minimum distance of 1.20 m from terrace floor level as shown in plan duly signed by architect & subject to compliance of following conditions

1. Water supply for the said residential cum commercial building will be made available as per prevailing norms, on submission of occupation certificate.
2. Separate NOC shall be obtained from this office for each individual building in the layout.
3. The internal distribution system within building shall be got approved from this office after obtaining full C.C. and shall be laid & certified from competent authority before availing the permanent water connection.
4. No borewell / Ring Well shall be provided on the plot without specific NOC/Remarks from Assistant Engineer Water Works R/S Ward.
5. Physically separate underground and overhead water storage tanks of adequate capacities for domestic and flushing purpose shall be provided. Capacity of underground water storage tank shall be obtained from AEWW R/S Ward. Underground suction tank shall be located as close as possible to the existing water main in Municipal Road and the same shall not be in 1.5 M vicinity of drainage / Sewer line / Manhole / Inspection Chamber. Top of the underground storage tank shall be maintained at about 60 cm above adjacent ground / floor level and minimum head clearance of 1.20 M shall be maintained for inspection and cleaning of tanks.
6. A clear minimum distance of 1.20 m shall be maintained between the bottom of overhead storage tank and terrace floor level.
7. Adequate precaution shall be taken while designing and execution of the structural members continuously in contact with chlorinated Municipal water in the suction tank, located in the basement of the building. As suction tank is located within the building line, adequate care shall be taken to avoid contamination and adequate arrangements shall be made to drain out the overflow water.
8. Automatic level control sensors & Ball Cock arrangement shall be provided in overhead & underground water storage tanks to avoid overflow from tanks.
9. Water conservation devices such as dual flushing cisterns (ISI marked) / dual flush valves for W.C.'s and sensor operated taps for wash basins & urinals, shall be installed in the building.

10. This NOC is being issued for plans approved vide No. RS/PVT/0056/20080903/AP/R-1 dated 21/06/2021. While amendment in building plans, if water demand of the building exceeds above 10%, this NOC will be treated as cancelled and fresh NOC shall have to be obtained from this office by submitting set of amended plans and other required documents.

Name of Developer : M/s. Paradise Construction Company

As per the plans and documents submitted by Licensed Plumber the proposed building under reference is a residential building accommodating 133 tenements, 34 servant toilets. Total water requirement of the building works out to 61210 lpd for residential purpose. However, demand for water connection will be recalculated by AEWW of concerned ward as per latest amended / OC plans.

By direction, I have to inform you that, as far as Hydraulic Engineer's department is concerned, there is no objection for water supply to the proposed building under reference subject to compliance of following conditions

1. Water supply for the said residential building will be made available as per prevailing norms, on submission of occupation certificate.
2. Municipal water supply will not be made available for the Swimming pool purpose. Water supply brought from other than Municipal source shall not be mixed with Municipal water supply at any stage. Separate water storage tank and separate water mains, painted with red colour, shall be used for the same.
3. The internal distribution system within building shall be got approved from this office after obtaining full C.C. and shall be laid & certified from competent authority before availing the permanent water connection.
4. No borewell / Ring Well shall be provided on the plot without specific NOC/Remarks from Assistant Engineer Water Works R/S Ward.
5. Physically separate underground and overhead water storage tanks of adequate capacities for domestic and flushing purpose shall be provided. Capacity of underground water storage tank shall be obtained from AEWW R/S Ward. Underground suction tank shall be located as close as possible to the existing water main in Municipal Road and the same shall not be in 1.5 M vicinity of drainage / Sewer line / Manhole / Inspection Chamber. Top of the underground storage tank shall be maintained at about 60 cm above adjacent ground / floor level and minimum head clearance of 1.20 M shall be maintained for inspection and cleaning of tanks. Also a minimum 6 M clear distance shall be maintained between STP & underground water storage tank.
6. A clear minimum distance of 1.20 m shall be maintained between the bottom of overhead storage tank and terrace floor level.
7. Adequate precaution shall be taken while designing and execution of the structural members continuously in contact, with chlorinated Municipal water in the suction tank, located in the basement of the building. As suction tank is located within the building line, adequate care shall be taken to avoid contamination and adequate arrangements shall be made to drain out the overflow water.
8. Automatic level control sensors & Ball Cock arrangement shall be provided in overhead & underground water storage tanks to avoid overflow from tanks.

9. This consent should not be construed as exemption from obtaining necessary NOC/permission from any other Government agencies.
10. The treated effluent shall be 60% recycled for secondary purposes such as toilet flushing, air conditioning, cooling tower make up, firefighting etc. and remaining shall be utilized on land for gardening.
11. PP shall extend/submit BG to from total sum of Rs. 10 Lakhs towards compliance of EC and consent to establish condition.
12. Project Proponent shall install online monitoring system for the parameter pH, SS, BOD and flow at the outlet of STP.
13. Project Proponent shall provide Organic waste digester with composting facility or biodigester with composting facility.
14. Project Proponent shall comply the Construction and Demolition Waste Management Rules, 2016 which is notified by Ministry of Environment, Forest and Climate Change dtd.29/03/2016.
15. The project proponent shall make provision of charging of electric vehicles in atleast 40 % of total available parking area.
16. The project proponent shall take adequate measures to control dust emission and noise level during construction phase.

17. The Project Proponent shall comply with the Environmental Clearance obtained vide dtd-31.03.2022 for construction project having total plot area of 3065.50 Sq.mtrs and total construction BUA of 26730.41 Sq.mtrs as per specific condition of EC.

2. Chief Accounts Officer, MPCB, Sion, Mumbai

SCHEDULE-I

Terms & conditions for compliance of Water Pollution Control:

- 1) A] As per your application, you have proposed to provide MBBR Technology based Sewage Treatment Plants (STPs) of combined capacity **192 CMD for treatment of domestic effluent of 174 CMD.**
- B] The Applicant shall operate the sewage treatment plant (STP) to treat the sewage so as to achieve the following standards prescribed by the Board or under EP Act, 1986 and Rules made there under from time to time, whichever is stringent.

Sr.No	Parameters	Limiting concentration not to exceed in mg/l, except for pH
1	pH	5.5-9.0
2	BOD	10
3	COD	50
4	TSS	20
5	NH4 N	5
6	N-total	10
7	Fecal Coliform	less than 100

- C] The treated domestic effluent shall be 60% recycled for secondary purposes such as toilet flushing, air conditioning, cooling tower make up, firefighting etc. and remaining shall be utilized on land for gardening and connected to the sewerage system provided by local body.
- 2) The Board reserves its rights to review plans, specifications or other data relating to plant setup for the treatment of waterworks for the purification thereof & the system for the disposal of sewage or trade effluent or in connection with the grant of any consent conditions. The Applicant shall obtain prior consent of the Board to take steps to establish the unit or establish any treatment and disposal system or and extension or addition thereto.
- 3) The industry shall ensure replacement of pollution control system or its parts after expiry of its expected life as defined by manufacturer so as to ensure the compliance of standards and safety of the operation thereof.
- 4) **The Applicant shall comply with the provisions of the Water (Prevention & Control of Pollution) Act, 1974 and as amended, and other provisions as contained in the said act.**

Sr. No.	Purpose for water consumed	Water consumption quantity (CMD)
1.	Industrial Cooling, spraying in mine pits or boiler feed	0.00
2.	Domestic purpose	182.00
3.	Processing whereby water gets polluted & pollutants are easily biodegradable	0.00
4.	Processing whereby water gets polluted & pollutants are not easily biodegradable and are toxic	0.00

- 5) The Applicant shall provide Specific Water Pollution control system as per the conditions of EP Act, 1986 and rule made there under from time to time.

SCHEDULE-II

Terms & conditions for compliance of Air Pollution Control:

- 1) As per your application, you have proposed to provide the Air pollution control (APC) system and also proposed to erect following stack (s) and to observe the following fuel pattern-

Stack No.	Source	APC System provided/proposed	Stack Height(in mtr)	Type of Fuel	Sulphur Content(in %)	Pollutant	Standard
S-1	DG Set-600 KVA	Acoustic Enclosure	5.00	DIESEL/HSD 158 Kg/Hr	1	SO2	75.84 Kg/Day

- 2) The applicant shall operate and maintain above mentioned air pollution control system, so as to achieve the level of pollutants to the following standards.

Total Particular matter	Not to exceed	150 mg/Nm3
-------------------------	---------------	------------

- 3) The Applicant shall obtain necessary prior permission for providing additional control equipment with necessary specifications and operation thereof or alteration or replacement/alteration well before its life come to an end or erection of new pollution control equipment.
- 4) The Board reserves its rights to vary all or any of the condition in the consent, if due to any technological improvement or otherwise such variation (including the change of any control equipment, other in whole or in part is necessary).
- 5) **Conditions for utilities like Kitchen, Eating Places, Canteens:-**
- The kitchen shall be provided with exhaust system chimney with oil catcher connected to chimney through ducting.
 - The toilet shall be provided with exhaust system connected to chimney through ducting.
 - The air conditioner shall be vibration proof and the noise shall not exceed 68 dB(A).
 - The exhaust hot air from A.C. shall be attached to Chimney at least 5 mtrs. higher than the nearest tallest building through ducting and shall discharge into open air in such a way that no nuisance is caused to neighbors.

SCHEDULE-III

Details of Bank Guarantees:

SCHEDULE-IV

Conditions during construction phase

A	During construction phase, applicant shall provide temporary sewage and MSW treatment and disposal facility for the staff and worker quarters.
B	During construction phase, the ambient air and noise quality shall be maintained and should be closely monitored through MoEF approved laboratory.
C	Noise should be controlled to ensure that it does not exceed the prescribed standards. During night time the noise levels measured at the boundary of the building shall be restricted to the permissible levels to comply with the prevalent regulations.

General Conditions:

- 1 The applicant shall provide facility for collection of samples of sewage effluents, air emissions and hazardous waste to the Board staff at the terminal or designated points and shall pay to the Board for the services rendered in this behalf.
- 2 The firm shall strictly comply with the Water (P&CP) Act, 1974, Air (P&CP) Act, 1981 and Environmental Protection Act 1986 and Solid Waste Management Rule 2016, Noise (Pollution and Control) Rules, 2000 and E-Waste (Management & Handling Rule 2011.
- 3 Drainage system shall be provided for collection of sewage effluents. Terminal manholes shall be provided at the end of the collection system with arrangement for measuring the flow. No sewage shall be admitted in the pipes/sewers downstream of the terminal manholes. No sewage shall find its way other than in designed and provided collection system.
- 4 Vehicles hired for bringing construction material to the site should be in good condition and should conform to applicable air and noise emission standards and should be operated only during non-peak hours.

- 5 Conditions for D.G. Set
- a) Noise from the D.G. Set should be controlled by providing an acoustic enclosure or by treating the room acoustically.
 - b) Industry should provide acoustic enclosure for control of noise. The acoustic enclosure/ acoustic treatment of the room should be designed for minimum 25 dB (A) insertion loss or for meeting the ambient noise standards, whichever is on higher side. A suitable exhaust muffler with insertion loss of 25 dB (A) shall also be provided. The measurement of insertion loss will be done at different points at 0.5 meters from acoustic enclosure/room and then average.
 - c) Industry should make efforts to bring down noise level due to DG set, outside industrial premises, within ambient noise requirements by proper siting and control measures.
 - d) Installation of DG Set must be strictly in compliance with recommendations of DG Set manufacturer.
 - e) A proper routine and preventive maintenance procedure for DG set should be set and followed in consultation with the DG manufacturer which would help to prevent noise levels of DG set from deteriorating with use.
 - f) D.G. Set shall be operated only in case of power failure.
 - g) The applicant should not cause any nuisance in the surrounding area due to operation of D.G. Set.
 - h) The applicant shall comply with the notification of MoEFCC, India on Environment (Protection) second Amendment Rules vide GSR 371(E) dated 17.05.2002 and its amendments regarding noise limit for generator sets run with diesel.
- 6 Solid Waste - The applicant shall provide onsite municipal solid waste processing system & shall comply with Solid Waste Management Rule 2016 & E-Waste (M & H) Rule 2011.
- 7 Affidavit undertaking in respect of no change in the status of consent conditions and compliance of the consent conditions the draft can be downloaded from the official web site of the MPCB.
- 8 Applicant shall submit official e-mail address and any change will be duly informed to the MPCB.
- 9 The treated sewage shall be disinfected using suitable disinfection method.
- 10 The firm shall submit to this office, the 30th day of September every year, the environment statement report for the financial year ending 31st march in the prescribed Form-V as per the provision of rule 14 of the Environmental (Protection) Second Amended rule 1992.
- 11 The applicant shall obtain Consent to Operate from Maharashtra Pollution Control Board before commissioning of the project.

This certificate is digitally & electronically signed.

Subject: Grant of EC under the provision of the EIA Notification 2006-regarding.

Sir/Madam,

This is in reference to your application for Grant of EC under the provision of the EIA Notification 2006-regarding in respect of project Slum Rehabilitation Scheme at C.T.S. No. 1327/A of village Kandivali, Shivaji Nagar, Opp. M. G. Road, Kandivali (W), Mumbai. State: Maharashtra by M/s. Paradise Construction Company submitted to Ministry vide proposal number SIA/MH/INFRA2/555609/2025 dated 18/10/2025.

2. The particulars of the proposal are as below:

(i) EC Identification No.	EC25C3802MH5359041N
(ii) File No.	Proposal No : SIA/MH/INFRA2/555609/2025
(iii) Clearance Type	EC
(iv) Category	B2
(v) Project/Activity Included Schedule No.	8(a) Building / Construction Slum Rehabilitation Scheme at C.T.S. No. 1327/A of village Kandivali, Shivaji Nagar, Opp. M. G. Road, Kandivali (W), Mumbai. State: Maharashtra by M/s. Paradise Construction Company
(vii) Name of Project	M/S. PARADISE CONSTRUCTION COMPANY
(viii) Name of Company/Organization	MUMBAI, MAHARASHTRA
(ix) Location of Project (District, State)	SEIAA
(x) Issuing Authority	no
(xi) Applicability of General Conditions	no
(xii) Applicability of Specific Conditions	no

Plot/Survey Khasra Nos.: C.T.S. No. 1327/A

3. In view of the particulars given in the Para 1 above, the project proposal interalia including Form-1(Part A and B) were submitted to the Ministry for an appraisal by the State Environment Impact Assessment Authority(SEIAA) Appraisal Committee (SEIAA) in the Ministry under the provision of EIA notification 2006 and its subsequent amendments.
4. The above-mentioned proposal has been considered by State Environment Impact Assessment Authority(SEIAA) Appraisal Committee of SEIAA in the meeting held on 22/01/2026. The minutes of the meeting and all the Application and documents submitted [(viz. Form-1 Part A, Part B, Part C EIA, EMP)] are available on PARIVESH portal which can be accessed by scanning the QR Code above.
5. The brief about configuration of plant/equipment, products and byproducts and salient features of the project along with environment settings, as submitted by the Project proponent in Form-1 (Part A, B and C)/EIA & EMP Reports/presented during SEIAA are annexed to this EC as Annexure (1).
6. The SEIAA, in its meeting held on 22/01/2026, based on information & clarifications provided by the project proponent and after detailed deliberations recommended the proposal for grant of EC under the provision of EIA Notification, 2006 and as amended thereof subject to stipulation of specific and general conditions as detailed in Annexure (2).
7. The SEIAA has examined the proposal in accordance with the Environment Impact Assessment (EIA) Notification, 2006 & further amendments thereto and after accepting the recommendations of the State Environment Impact Assessment Authority(SEIAA) Appraisal Committee hereby decided to grant EC for instant proposal of M/s. Rashmin Rughani under the provisions of EIA Notification, 2006 and as amended thereof.
8. The Ministry reserves the right to stipulate additional conditions, if found necessary.
9. The EC to the aforementioned project is under provisions of EIA Notification, 2006. It does not tantamount to approvals/consent/permissions etc. required to be obtained under any other Act/Rule/regulation. The Project Proponent is under obligation to obtain approvals /clearances under any other Acts/ Regulations or Statutes, as applicable, to the project.
10. This issues with the approval of the Competent Authority.

Annexure 1

Specific Terms of Reference s for (Building / Construction)

1. Specific Condition

S. No	Terms of Reference	
1.1	Sr. No.	Conditions
	1.	PP to obtain IOD/IOA/Concession Document/Plan Approval or any other form of documents as applicable, clarifying its conformity with local planning rules and provisions as per the Circular dated 30.01.2014 issued by the Environment Department, Govt. of Maharashtra, showing all required RG area as per the prevailing Hon'ble Supreme Court Order.
	2.	PP to submit an undertaking signed by PP, Consultant and architect certifying that there is no violation of the requirements of EIA notification 2006, amended from time to time.
	3.	PP to obtain (i) SWM NOC (ii) Revised Water NOC for Sale Bldg. PP Shall obtain all other relevant NOCs from the Competent Authority required for the Proposed Project. The planning authority shall not grant an Occupation Certificate unless the applicant obtains all NOCs
	4.	PP to obtain the Certified Compliance Report of the earlier EC from the Integrated

S. No	Terms of Reference	
		Regional Office of MoEF&CC, Nagpur.
5.		PP to complete compensatory tree plantation in lieu of tree cutting/transplantation as mentioned in the tree NOC before actual cutting/transplantation of trees as per the recent Hon'ble High Court order.
6.		PP to ensure to achieve the standard parameters of the treated sewage as per the order issued by the Hon'ble National Green Tribunal on 30.04.2019. PP also to ensure that, the water proposed to be used for construction activities (within or outside premises) /public gardens/road medians, etc. shall be strictly for non-potable purposes and after obtaining necessary permission from the competent authority.
7.		All guidelines issued by the local planning authority, MPCB/CPCB, shall be followed to reduce /control air pollution due to the proposed activity by way of providing adequate barricading, foggers, and water sprinkling.
8.		PP to complete the tree plantation within the site during the construction phase.
9.		PP to dispose of all e-waste as per E-Waste Management Rules, 2016 and 2022, amended from time to time.

The comparative statement of the earlier EC and the proposed expansion as submitted by the PP is as below,

AREA/PARKING DETAILS

No.	Description		Details as per EC dt. 31.03.2022	Seeking Expansion in EC	Remarks
1	Total Plot Area (Sq.mt.)		3065.50	3065.50	No change
2	Deduction (Sq.mt.)	Set back area of DP road	180.00	28.22	Decreased by 151.78 sq.mt. in line with revised LOI
		Reservation area for Municipal market	339.45	271.04	Decreased by 68.41 sq.mt. in line with revised LOI
		Total	519.45	299.26	Decreased by 220.19 sq.mt. in line with revised LOI
3	Net Plot Area (Sq.mt.)		2546.05	2766.24	Increased by 220.19 sq.mt.
4	Ground Coverage Area (Sq.mt.)		1419.94	1419.94	No change
5	Requirement of Recreational Ground (RG) Area (Sq.mt.)		203.68	221.30	Increased by 17.62 sq.mt. due to increase in net plot area
6	Provision of RG Area on Ground (Sq.mt.)		207.63	222.79	Proposed increase by 15.16 sq.mt. in line with the requirement
7	Permissible Built-up Area as per FSI including fungible area (Sq.mt.)		16,027.85	17915.22	Increased by 1887.37 sq.mt. in line with revised LOI issued by SRA
8	Built – up Area as per FSI including fungible area(Sq.mt.)		16,017.50	17848.15	Proposed increase by 1830.65 Sq. mt. due to increase in 2 nos. of floors with additional balconies in same building which is in line with permissible

				Built-up area EC was restricted to FSI area of 15699.90 Sq. mt. as per Plan approval dated 12.08.2021 and 21.06.2021
9	Built – up Area as per Non FSI area(Sq.mt.)	11,170.25	11,642.05	Proposed increase by 471.80 Sq. mt. EC was restricted to NON FSI area of 11030.51 Sq. mt. as per Plan approval dated 12.08.2021 and 21.06.2021
10	Total Construction Built-up Area (Sq.mt.)	27,187.75	29490.20	Proposed increase 2302.45 Sq. mt. EC was restricted to TBUA of 26730.41 Sq. mt. as per Plan approval dated 12.08.2021 and 21.06.2021
11	Parking requirement (Nos.)	4 wheeler: 172 2 wheeler : 0	4 wheeler: 195 2 wheeler : 0	4 wheeler: Proposed increase by 23 nos. as per amended planning
12	Parking spaces provision (Nos.)	4 wheeler: 172 2 wheeler : 84	4 wheeler: 195 2 wheeler: 48	4 wheeler: Proposed increase by 23 nos. in line with parking requirement 2 wheeler: Provision of spaces in line with EET&C remarks

COMPARATIVE - PROJECT PROPOSAL

Details as per EC dt. 31.03.2022	Seeking expansion in EC	Remarks & Status
Rehabilitation Building 1: Basement + Ground + 1 st to 22 nd floor Rehab Flats: 98 Nos. Residential PAP Flats: 48 Nos. Regular PAP Flats: 6 Nos. PAP Commercial shops/Rehab shops: 8 Nos. Balwadi, Welfare center, Society Office, Skill development Center, Library, Fitness center, Temple, Municipal Market : 1 No. each	Rehabilitation Building 1: Basement + Ground + 1 st to 22 nd floor Rehab Flats: 134 Nos. No. of Provisional PAP flats: 04 Nos. No. of Sashaulk Resi.: 12 Nos. Regular PAP Flats: 1 No. Rehab shops/Sale commercial and Rehab R/C: 8 Nos. Balwadi, Welfare center, Society Office, Skill development Center, Library, Fitness center, Rehab Temple, Reservation Market : 1 No. each	No change Rehab flats : No change (Conversion of PAP into flats) No change in number of units. Only 1 PAP commercial converted into sale commercial Amenities: No change
Sale Building No. 2: 2 Basements + Ground/Stilt + 1 st to 34 th floor + 35 th (pt) floor Sale Flats: 127 Nos.,	Sale Building No. 2: +2 Basements + Ground/Stilt + 1 st to 36 th floor + 37 th part floor Sale Flats: 127 Nos.,	Floors : Proposed increase by 2 nos. Sale Flats : No change in number of flats. Change in typology of flats.

Rehab PAP Flats: 10 Nos. Fitness center: 2 Nos Society office: 1 No.	Regular PAP Flats: 10 Nos. Fitness center: 2 no. Society office: 1 no.	Regular PAP Flats: No change Fitness center: No change Society office: No change
Parking Tower: Parking tower with 120 nos. of parking space provision	Parking Tower: Parking tower with 151 nos. of parking space provision	Proposed vertical extension in the same tower

COMPARATIVE STATEMENT - ENVIRONMENTAL PARAMETERS

Description		Details as per EC dt. 31.03.2022	Seeking expansion in EC	Remarks
Occupancy (Nos.)	Rehabilitation Building 1	661	661	No change
	Sale Building 2	721	746	Proposed increase by 25 nos. due to change in typology of flats of sale building
Domestic (KLD)	Rehabilitation Building 1	55	55	No change
	Sale Building 2	65	67	Proposed Increase by 2 KLD due to increase in occupancy
Flushing (KLD)	Rehabilitation Building 1	28	28	No change
	Sale Building 2	32	34	Proposed Increase by 2 KLD due to increase in occupancy
Total Water Requirement (KLD)		182	186	Proposed Increase by 4 KLD due to increase in occupancy of Sale Building
Sewage (KLD)	Rehabilitation Building 1	81	81	No change
	Sale Building 2	93	97	Proposed increase by 4 KLD due to increase in water requirement
Total Solid waste generation (kg/day)		602	614	Proposed Increase by 12 kg/day due to increase in occupancy of sale Building.

3. Proposal is an expansion of existing construction project. PP has obtained earlier EC vide Letter No. SIA/MH/MIS/236141/2021 dated 31.02.2022 for total BUA of 36730.41 m². Proposal was considered by SEIAA in its 318th (Day-2) meeting held on 20th January, 2026 and decided to accord Environment Clearance to the said project under the provisions of Environment Impact Assessment Notification, 2006 subject to implantation of following terms and conditions-

Specific Conditions:

A. SEAC Conditions-

1. PP to obtain [OD/IOA/Concession Document/Plan Approval or any other form of documents as applicable, clarifying its conformity with local planning rules and provisions as per the Circular dated 30.01.2014 issued by the Environment Department, Govt. of Maharashtra, showing all required RC area as per the prevailing Hon'ble Supreme Court Order.

2. PP to submit an undertaking signed by PP, Consultant and architect certifying that there is no violation of the requirements of EIA notification 2006, amended from time to time.
3. PP to obtain (i) SWM NOC (ii) Revised Water NOC for Sale Bldg. PP Shall obtain all other relevant NOCs from the Competent Authority required for the Proposed Project. The planning authority shall not grant an Occupation Certificate unless the applicant obtains all NOCs
4. PP to obtain the Certified Compliance Report of the earlier EC from the Integrated Regional Office of MoEF&CC, Nagpur.
5. PP to complete compensatory tree plantation in lieu of tree cutting/transplantation as mentioned in the tree NOC before actual cutting/transplantation of trees as per the recent Hon'ble High Court order.
6. PP to ensure to achieve the standard parameters of the treated sewage as per the order issued by the Hon'ble National Green Tribunal on 30.04.2019. PP also to ensure that, the water proposed to be used for construction activities (within or outside premises) (public gardens/road medians, etc.) shall be strictly for non-potable purposes and after obtaining necessary permission from the competent authority.
7. All guidelines issued by the local planning authority, MPCB/CPCB, shall be followed to reduce/control air pollution due to the proposed activity by way of providing adequate barricading, foggers, and water sprinkling.
8. PP to complete the tree plantation within the site during the construction phase.
9. PP to dispose of all e-waste as per E-Waste Management Rules, 2016 and 2022, amended from time to time.

B. SEIAA Conditions:-

1. PP has provided mandatory RG area of 221.30m² on mother earth without any construction. Local planning authority to ensure the compliance of the same.
2. The planning authority shall not grant an Occupation Certificate unless PP obtain SWM NOC.
3. PP to keep open space unpaved so as to ensure permeability of water. However, whenever paving is deemed necessary, PP to provide grass pavers of suitable types & strength to increase the water permeable area as well as to allow effective fire tender movement.
4. PP to achieve at least 5% of total energy requirement from solar/other renewable sources.
5. Air Quality Index monitoring to be ensured. Dust suppression measures shall be implemented also considering height of the building. Additional measures to be ensured.
6. In view of Maharashtra Electric Vehicle Policy, 2025, PP to provide electric vehicle D. C. Charger for 20 % of total parking provided, the number of D. C. Chargers should be worked out as provided in Niti Ayog Handbook of EV charging infrastructure implementation.
7. PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF&CC vide E.No.22-14/2018-IA III dt 04.11.2019.
8. SEIAA decided to grant EC for FSI-17848.15 m², Non FSI- 11,642.05 m², total BUA-29490.20 m² (Plan approval No.RS/PVT/0056/20080905/AF/S-2 dated-11.11.2025).

General Conditions:

a) Construction Phase :-

- I. The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. Disposal of muck, Construction spoils, including bituminous material during construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in the approved sites with the approval of competent authority.
- III. Any hazardous waste generated during construction phase should be disposed of as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board.
- IV. Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.
- V. Arrangement shall be made that waste water and storm water do not get mixed.
- VI. Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices.
- VII. The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.
- VIII. Permission to draw ground water for construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project.
- IX. Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor based control.
- X. The Energy Conservation Building code shall be strictly adhered to.
- XI. All the topsoil excavated during construction activities should be stored for use in horticulture / landscape development within the project site.
- XII. Additional soil for levelling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.
- XIII. Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants
- XIV. PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as amended during the validity of Environment Clearance.
- XV. The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environments (Protection) Rules prescribed for air and noise emission standards.
- XVI. Vehicles hired for transportation of Raw material shall strictly comply the emission norms prescribed by Ministry of Road Transport & Highways Department. The vehicle shall be adequately covered to avoid spillage/leakages.
- XVII. Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be

closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.

XVIII. Diesel power generating sets proposed as source of backup power for elevators and common area illumination during construction phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel is preferred. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.

XIX. Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings by a separate environment cell /designated person.

B) Operation phase:-

- I. a) The solid waste generated should be properly collected and segregated. b) Wet waste should be treated by Organic Waste Converter and treated waste (manure) should be utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. c) Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.
- III. a) The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Treated effluent emanating from STP shall be recycled/ reused to the maximum extent possible. Treatment of 100% grey water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP. b) PP to give 100 % treatment to sewage /liquid waste and explore the possibility to recycle at least 50 % of water. Local authority should ensure this.
- IV. Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line. No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement.
- V. The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms.
- VI. Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.
- VII. PP to provide adequate electric charging points for electric vehicles (EVs).
- VIII. Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO/ Agriculture Dept.
- IX. A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.

- X. Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise break-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes.
- XI. The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at parivesh.mie.in
- XII. A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any, were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.
- XIII. The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely: SPM, RSPM, SO₂, NO_x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.

C) General EC Conditions:-

- I. PP has to strictly abide by the conditions stipulated by SEAC & SEIAA.
- II. If applicable "Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.
- III. Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.
- IV. The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.
- V. The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.
- VI. No further Expansion or modifications, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the SEIAA. In case of deviations or alterations in the project proposal from those submitted to SEIAA for clearance, a fresh reference shall be made to the SEIAA as applicable to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
- VII. This environmental clearance is issued subject to obtaining NOC from Forestry &

Wild life angle including clearance from the standing committee of the National Board for Wild life as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.

4. The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.

5. This Environment Clearance is issued purely from an environment point of view without prejudice to any court cases and all other applicable permissions/ NOCs shall be obtained before starting proposed work at site.

6. In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environment clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.

7. Validity of Environment Clearance: The environmental clearance accorded shall be valid as per EIA Notification, 2006, amended from time to time.

8. The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.

9. Any appeal against this Environment clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1st Floor, D-Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.

Subject: Grant of Environmental Clearance (EC) to the proposed Project Activity under the provision of EIA Notification 2006-regarding

Sir/Madam,

This is in reference to your application for Environmental Clearance (EC) in respect of project submitted to the SEIAA vide proposal number SIA/MH/MIS/236141/2021 dated 10 Jan 2022. The particulars of the environmental clearance granted to the project are as below.

1. EC Identification No.	EC22B038MH122204
2. File No.	SIA/MH/MIS/236141/2021
3. Project Type	New
4. Category	B2
5. Project/Activity including Schedule No.	8(a) Building and Construction projects
6. Name of Project	Slum Rehabilitation Scheme at C.T.S. No. 1327/A of village Kandivali, Shivaji Nagar, Opp. M. G. Road, Kandivali (W), Mumbai.
7. Name of Company/Organization	M/S. PARADISE CONSTRUCTION COMPANY
8. Location of Project	Maharashtra
9. TOR Date	N/A

The project details along with terms and conditions are appended herewith from page no 2 onwards.

Date: 31/03/2022

(e-signed)
Manisha Patankar Mhaskar
 Member Secretary
 SEIAA - (Maharashtra)

Note: A valid environmental clearance shall be one that has EC identification number & E-Sign generated from PARIVESH. Please quote identification number in all future correspondence.

STATE LEVEL ENVIRONMENT IMPACT ASSESSMENT AUTHORITY

No. SIA/MH/MIS/236141/2021
Environment & Climate
Change Department
Room No. 217, 2nd Floor,
Mantralaya, Mumbai- 400032.

To
M/s Paradise Construction Company,
C.T.S. No. 1327/A of village Kandivali,
Shivaji Nagar, Opp. M. G. Road, Kandivali (W),
Mumbai.

Subject : Environmental Clearance for Proposed construction Slum
Rehabilitation Scheme at C.T.S. No. 1327/A of village Kandivali, Shivaji
Nagar, Opp. M. G. Road, Kandivali (W), Mumbai by M/s. Paradise
Construction Company.

Reference : Application no. SIA/MH/MIS/236141/2021

This has reference to your communication on the above mentioned subject. The
proposal was considered by the SEAC-2 in its 164th meeting under screening category 8 (a) B2 as
per EIA Notification, 2006 and recommend to SEIAA. Proposal then considered in 240th (Day-1)
meeting of State Level Environment Impact Assessment Authority (SEIAA).

2. Brief Information of the project submitted by you is as below:-

Sr. No	Description	Details	
1.	Plot Area (sq.mt.)	3,065.50	
2.	FSI Area (sq.mt.)	16,017.50	
3.	Non FSI Area (sq.mt.)	11,170.25	
4.	Proposed built-up area (FSI + Non FSI) (sq.mt.)	27,187.75	
5.	Building Configuration	Building Configuration	Details

3. Proposal is a new construction project. Proposal has been considered by SEIAA in its 240th (Day-1) meeting and decided to accord Environment Clearance to the said project under the provisions of Environment Impact Assessment Notification, 2006 subject to implantation of following terms and conditions-

Specific Conditions:

A. SEAC Conditions:

1. PP to submit IOD/IOA/Concession Document/Plan Approval or any other form of documents as applicable clarifying its conformity with local planning rules and provisions as per the Circular dated 30.01.2014 issued by the Environment Department, Govt. of Maharashtra.
2. PP to obtain Tree NOC.

3. PP to ensure that only movement of fire engine in the emergency is allowed through paved RCI. PP to provide barricading in RCI-1.
4. PP to reduce discharge of treated water up to 35%. PP to submit undertaking from concerned authority/agency/third party regarding use of excess treated water.
5. PP to provide parapet wall around the STP tanks those are open on ground.
6. PP to ensure proposed OWC is curing based only.
7. PP to relocate UGT at first basement & ensure that UGT top is flush to the ground level.
8. PP to submit an indemnity bond indemnifying Environment Department, Government of Maharashtra from any legal consequences arises on account of disputes in respect of ownership of the land.

B. SEIAA Conditions-

1. PP to keep open space unpaved so as to ensure permeability of water. However, whenever paving is deemed necessary, PP to provide grass pavers of suitable types & strength to increase the water permeable area as well as to allow effective fire tender movement.
2. PP to achieve at least 5% of total energy requirement from solar/other renewable sources.
3. PP Shall comply with Standard EC conditions mentioned in the Office Memorandum issued by MoEF& CC vide F.No.22-34/2018-IA.III dt.14.01.2019.
4. SEIAA after deliberation decided to grant EC for – FSI- 15699.90 m2, Non-FSI- 11030.51 m2, Total BUA-26730.41 m2. (Plan approval- RS/PVT/0056/20080905/APS-2, dated 12.08.2021, RS/PVT/0056/20080903/APS-1, dated 21.06.2021).

General Conditions:

a) Construction Phase :-

- I. The solid waste generated should be properly collected and segregated. Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. Disposal of muck, Construction spoils, including bituminous material during construction phase should not create any adverse effect on the neighbouring communities and be disposed taking the necessary precautions for general safety and health aspects of people, only in the approved sites with the approval of competent authority.
- III. Any hazardous waste generated during construction phase should be disposed of as per applicable rules and norms with necessary approvals of the Maharashtra Pollution Control Board
- IV. Adequate drinking water and sanitary facilities should be provided for construction workers at the site. Provision should be made for mobile toilets. The safe disposal of wastewater and solid wastes generated during the construction phase should be ensured.
- V. Arrangement shall be made that waste water and storm water do not get mixed.
- VI. Water demand during construction should be reduced by use of pre-mixed concrete, curing agents and other best practices.

- VII. The ground water level and its quality should be monitored regularly in consultation with Ground Water Authority.
- VIII. Permission to draw ground water for construction of basement if any shall be obtained from the competent Authority prior to construction/operation of the project.
- IX. Fixtures for showers, toilet flushing and drinking should be of low flow either by use of aerators or pressure reducing devices or sensor based control.
- X. The Energy Conservation Building code shall be strictly adhered to.
- XI. All the topsoil excavated during construction activities should be stored for use in horticulture / landscape development within the project site.
- XII. Additional soil for levelling of the proposed site shall be generated within the sites (to the extent possible) so that natural drainage system of the area is protected and improved.
- XIII. Soil and ground water samples will be tested to ascertain that there is no threat to ground water quality by leaching of heavy metals and other toxic contaminants.
- XIV. PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as amended during the validity of Environment Clearance.
- XV. The diesel generator sets to be used during construction phase should be low sulphur diesel type and should conform to Environment (Protection) Rules prescribed for air and noise emission standards.
- XVI. PP to strictly adhere to all the conditions mentioned in Maharashtra (Urban Areas) Protection and Preservation of Trees Act, 1975 as amended during the validity of Environment Clearance.
- XVII. Vehicles hired for transportation of Raw material shall strictly comply the emission norms prescribed by Ministry of Road Transport & Highways Department. The vehicle shall be adequately covered to avoid spillage/leakages.
- XVIII. Ambient noise levels should conform to residential standards both during day and night. Incremental pollution loads on the ambient air and noise quality should be closely monitored during construction phase. Adequate measures should be made to reduce ambient air and noise level during construction phase, so as to conform to the stipulated standards by CPCB/MPCB.
- XIX. Diesel power generating sets proposed as source of backup power for elevators and common area illumination during construction phase should be of enclosed type and conform to rules made under the Environment (Protection) Act, 1986. The height of stack of DG sets should be equal to the height needed for the combined capacity of all proposed DG sets. Use low sulphur diesel is preferred. The location of the DG sets may be decided with in consultation with Maharashtra Pollution Control Board.
- XX. Regular supervision of the above and other measures for monitoring should be in place all through the construction phase, so as to avoid disturbance to the surroundings by a separate environment cell /designated person.

B) Operation phase:-

- 1. a) The solid waste generated should be properly collected and segregated. b) Wet waste should be treated by Organic Waste Converter and treated waste (manure) should be

- utilized in the existing premises for gardening. And, no wet garbage will be disposed outside the premises. c) Dry/inert solid waste should be disposed of to the approved sites for land filling after recovering recyclable material.
- II. E-waste shall be disposed through Authorized vendor as per E-waste (Management and Handling) Rules, 2016.
 - III. a) The installation of the Sewage Treatment Plant (STP) should be certified by an independent expert and a report in this regard should be submitted to the MPCB and Environment department before the project is commissioned for operation. Treated effluent emanating from STP shall be recycled/ reused to the maximum extent possible. Treatment of 100% grey water by decentralized treatment should be done. Necessary measures should be made to mitigate the odour problem from STP. b) PP to give 100 % treatment to sewage /liquid waste and explore the possibility to recycle at least 50 % of water. Local authority should ensure this.
 - IV. Project proponent shall ensure completion of STP, MSW disposal facility, green belt development prior to occupation of the buildings. As agreed during the SEIAA meeting, PP to explore possibility of utilizing excess treated water in the adjacent area for gardening before discharging it into sewer line. No physical occupation or allotment will be given unless all above said environmental infrastructure is installed and made functional including water requirement.
 - V. The Occupancy Certificate shall be issued by the Local Planning Authority to the project only after ensuring sustained availability of drinking water, connectivity of sewer line to the project site and proper disposal of treated water as per environmental norms.
 - VI. Traffic congestion near the entry and exit points from the roads adjoining the proposed project site must be avoided. Parking should be fully internalized and no public space should be utilized.
 - VII. PP to provide adequate electric charging points for electric vehicles (EVs).
 - VIII. Green Belt Development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DEO/ Agriculture Dept.
 - IX. A separate environment management cell with qualified staff shall be set up for implementation of the stipulated environmental safeguards.
 - X. Separate funds shall be allocated for implementation of environmental protection measures/EMP along with item-wise breaks-up. These cost shall be included as part of the project cost. The funds earmarked for the environment protection measures shall not be diverted for other purposes.
 - XI. The project management shall advertise at least in two local newspapers widely circulated in the region around the project, one of which shall be in the Marathi language of the local concerned within seven days of issue of this letter, informing that the project has been accorded environmental clearance and copies of clearance letter are available with the Maharashtra Pollution Control Board and may also be seen at Website at <http://parivesh.nic.in>
 - XII. Project management should submit half yearly compliance reports in respect of the stipulated prior environment clearance terms and conditions in hard & soft copies to the MPCB & this department, on 1st June & 1st December of each calendar year.
 - XIII. A copy of the clearance letter shall be sent by proponent to the concerned Municipal Corporation and the local NGO, if any, from whom suggestions/representations, if any,

were received while processing the proposal. The clearance letter shall also be put on the website of the Company by the proponent.

- XIV. The proponent shall upload the status of compliance of the stipulated EC conditions, including results of monitored data on their website and shall update the same periodically. It shall simultaneously be sent to the Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB. The criteria pollutant levels namely: SP_{PM}, RSP_{PM}, SO₂, NO_x (ambient levels as well as stack emissions) or critical sector parameters, indicated for the project shall be monitored and displayed at a convenient location near the main gate of the company in the public domain.

C) General EC Conditions:-

- I. PP has to strictly abide by the conditions stipulated by SEAC & SEIAA.
- II. If applicable "Consent for Establishment" shall be obtained from Maharashtra Pollution Control Board under Air and Water Act and a copy shall be submitted to the Environment department before start of any construction work at the site.
- III. Under the provisions of Environment (Protection) Act, 1986, legal action shall be initiated against the project proponent if it was found that construction of the project has been started without obtaining environmental clearance.
- IV. The project proponent shall also submit six monthly reports on the status of compliance of the stipulated EC conditions including results of monitored data (both in hard copies as well as by e-mail) to the respective Regional Office of MoEF, the respective Zonal Office of CPCB and the SPCB.
- V. The environmental statement for each financial year ending 31st March in Form-V as is mandated to be submitted by the project proponent to the concerned State Pollution Control Board as prescribed under the Environment (Protection) Rules, 1986, as amended subsequently, shall also be put on the website of the company along with the status of compliance of EC conditions and shall also be sent to the respective Regional Offices of MoEF by e-mail.
- VI. No further Expansion or modifications, other than mentioned in the EIA Notification, 2006 and its amendments, shall be carried out without prior approval of the SEIAA. In case of deviations or alterations in the project proposal from those submitted to SEIAA for clearance, a fresh reference shall be made to the SEIAA as applicable to assess the adequacy of conditions imposed and to add additional environmental protection measures required, if any.
- VII. This environmental clearance is issued subject to obtaining NOC from Forestry & Wild life angle including clearance from the standing committee of the National Board for Wild life as if applicable & this environment clearance does not necessarily implies that Forestry & Wild life clearance granted to the project which will be considered separately on merit.

4. The environmental clearance is being issued without prejudice to the action initiated under EP Act or any court case pending in the court of law and it does not mean that project proponent has not violated any environmental laws in the past and whatever decision under EP Act or of the Hon'ble court will be binding on the project proponent. Hence this clearance does not give immunity to the project proponent in the case filed against him, if any or action initiated under EP Act.

5. This Environment Clearance is issued purely from an environment point of view without

prejudice to any court cases and all other applicable permissions/ NOC's shall be obtained before starting proposed work at site.

6. In case of submission of false document and non-compliance of stipulated conditions, Authority/ Environment Department will revoke or suspend the Environment clearance without any intimation and initiate appropriate legal action under Environmental Protection Act, 1986.

7. Validity of Environment Clearance: The environmental clearance accorded shall be valid as per EIA Notification, 2006, amended from time to time.

8. The above stipulations would be enforced among others under the Water (Prevention and Control of Pollution) Act, 1974, the Air (Prevention and Control of Pollution) Act, 1981, the Environment (Protection) Act, 1986 and rules there under, Hazardous Wastes (Management and Handling) Rules, 1989 and its amendments, the public Liability Insurance Act, 1991 and its amendments.

9. Any appeal against this Environment clearance shall lie with the National Green Tribunal (Western Zone Bench, Pune), New Administrative Building, 1st Floor, D-Wing, Opposite Council Hall, Pune, if preferred, within 30 days as prescribed under Section 16 of the National Green Tribunal Act, 2010.
